## Advantage Learn

Advantage Learn (Formerly Alt edz) is a proudly South African holistic learning platform which connects learners to high-quality educators and resources, allowing them to purchase and enrol in blended or 100% online courses of their choice using WooCommerce with Sensei.

It's no secret that one of the most important elements in the quality of education is the teacher, or educator. A good educator is anybody that effectively conveys knowledge to others in a meaningful way whether a high school maths teacher, a creative college, even a large multi-national corporation. Advantage Learn is behind the educator because they believe that by enabling the educator they are enabling the learner.

Advantage Learn empower the educator by providing innovative and relevant education solutions whilst simultaneously connecting educators with the learners in the best way possible, enabling learning at every instance. They are committed to facilitating and managing multiple education platforms for educators with a focus on providing practical services and products for in-person, blended, and online learning solutions for individuals and organisations.
