

“The SAP Customer Success organization has become a trusted and valued partner that we consider a part of our BPM success team, helping us harness the capabilities of SAP Signavio Process Transformation Suite.”

Robert Schumann, Director Business Process Excellence, BOSCH Rexroth AG

To support its business with transparent, digitalized and data-driven processes, BOSCH Rexroth utilizes the SAP Signavio Process Transformation Suite. To ensure ongoing optimization, BOSCH Rexroth engaged the Customer Success organization from SAP Services and Support. With a dedicated Customer Success Manager providing instant access to expert support and guidance, BOSCH Rexroth is well-positioned to realize its vision for business process excellence that leverages data, pattern and behavior recognition algorithms for automated decision support in complex and volatile situations.
