

## WHY SKILLSIGNAL: CLIENT SUCCESS STORIES

### REACH 100% COMPLIANCE

California contractor was in hot water with OSHA and needed the best solution to manage compliance. In less than 3 days, SkillSignal was deployed and all foremen were trained to use complete and submit all their daily documentation on the mobile app: Job Hazard Analysis (JHA), Pre-task Plans (PTP), toolbox talks, safety observations and much more... The result? The company now has a spotless 100% compliance rate and easily accessible history of documents stored on the cloud.
