

Chronology.

All great tales start with "once upon a time..." Chronology: a series of events that not only creates our experiences, but also defines a narrative of time. Like a finely crafted watch, this wine is full of complex and intricate sensations. The bottle captures the unique story of its origin. It takes time to acquire the knowledge to craft this wine. It also takes precious time for this wine to mature. And it definitely takes time to experience and enjoy it. Chronology: time, craftsmanship and experience.
