

Case Study: How Does Rounding Affect Clean Scene Services?

Clean Scene Services has 5 employees, who each do 5 shifts per week.

Clean Scene Services currently deal with staff hours in 15min blocks. So it's safe to assume that even Clean Scene Services' most loyal employees will round up when reporting their hours.

If freshOps can eliminate pure rounding how much will Cleanspace Services save?

$5 \text{ Staff} \times 5 \text{ Shifts} \times 7\text{min Saving} = 175\text{min/week}$ or 2.55hrs /week

$14\text{hrs} \times 52 \text{ weeks} / 12 \text{ months} = 12.65\text{hrs per month}$

$12.65\text{hrs} \times \$24/\text{hr}$ (Cost of a Cleaner to You) = \$303.60 in Time and Attendance Savings

What Is The Monthly Cost Of FreshOps For Clean Scene Services?

\$89 per month + \$54.16 worth of Shift Taps = \$143 per month Cost of freshOps

Clean Scene Services Save \$160.60 / Month.

What would this saving mean to your business? Imagine if you had 10, 30 or 100 Employees. In an industry where time is money, to the second time sheet tracking is extremely valuable. freshOps helps you to take control of your cleaning business, providing a new level of transparency for when cleaners are onsite, how long they are spending onsite, and what task they are completing.
