Get peace of mind with automated, proactive compliance tracking

Small businesses shouldn't have to decipher state labor laws between shifts. With When I Work at the center of your team's schedule and time tracking and Rippling powering compliance behind the scenes, you get proactive, practical protection without adding admin work.

*"Rippling makes our lives easier and automates the boring admin work."
– DotCom Therapy*

From minimum wage changes and overtime rules to tax filings and new-hire reporting, the essentials are covered so you can focus on service, not statutes.
