DUKE YOUTH ACADEMY

The Duke Youth Academy is a year-long program for Christian youth that combines a week-long residency at Duke University and a full year of mentorship, practice and engagement with a supportive online community.

A bright color palette, large photos of students, and a modern, flat website design layout went a long way toward reaching their audience. Kompleks Creative also utilized mobile-responsive functionality (kids and their phones, right?) and focused on a three-click, intuitive user flow, to make each user's time on the website more meaningful.
