

DURAN & VENABLES - MILPITAS, CA

SharpeSoft client, [Duran & Venables](#) was formed in 1979 by two young contractors who made it their goal to become Northern California's top grading and paving provider. Four decades later, the Milpitas, CA company has not only fulfilled that goal, but has expanded on that original vision to become one of the most highly regarded heavy civil construction contractors in the north state.

The image shows a banner for Duran & Venables, a general engineering contractor established in 1979. The banner features a photograph of two yellow Caterpillar construction vehicles, a CS-563C roller and a 140H motor grader, working on a construction site. The text on the banner includes the company's address (748 South Hillview Drive, Milpitas, CA 95035), phone number ((408) 934-7300), and website (www.duran-venables.com). Below the photograph, the text "Engineered Excellence" is displayed. The banner also lists the company's core values: Integrity, Quality, Service, and Safety. A description of the company's services is provided, stating that they are the leading provider of engineering, construction, grading, and earthwork services in Northern California, including the San Francisco Bay Area and greater Sacramento Area. Since 1979, they have been providing quality services and products to their customers, while delivering projects on time and within budget. The banner also lists the company's services: General Engineering Contracting, Grading, Paving & Surfacing, Site Infrastructure Construction, and Value Engineering Analysis.

DURAN & VENABLES
GENERAL ENGINEERING CONTRACTORS

Established 1979

Engineered Excellence

DURAN & VENABLES
INTEGRITY - QUALITY - SERVICE - SAFETY

Duran & Venables is the leading provider of **ENGINEERING, CONSTRUCTION, GRADING AND EARTHWORK** services in Northern California including the San Francisco Bay Area & greater Sacramento Area. Since 1979, we have been providing quality services and products to our customers, while delivering projects on time and within budget.

- GENERAL ENGINEERING CONTRACTING
- GRADING, PAVING & SURFACING
- SITE INFRASTRUCTURE CONSTRUCTION
- VALUE ENGINEERING ANALYSIS

GENERAL ENGINEERING CONTRACTING
Operational general engineering contracting services, regional offices, & strong work ethic.

GRADING & EARTHWORK
We are equipped to move small or large amounts of soil, dirt and rock quickly & efficiently.

PAVING & SURFACING
Including traditional asphalt & gravel paving to more innovatively friendly asphalt alternatives.

Today the company is a full service general engineering contractor with expertise in all service areas, including cost estimating and project management, ground up site infrastructure construction, underground utilities, and more. They also specialize in all types of grading, earthwork and paving, including heavy civil highway and road construction.

The company employs more than 100 professionals at offices in both Stockton and Milpitas, providing award winning service to commercial, industrial and public works developers of all types. They maintain a sterling reputation for employee safety and they are known for their charitable work in partnership with the Second Harvest Food Bank and Habitat for Humanity. We take great pride in having Duran & Venables among the SharpeSoft client family.
