# Others

frisco.pl

> "Feedink works perfectly as a tool for daily data management of product files. Thanks to its intuitive operation, we are able to make changes to our XML files ourselves.

Kamil Lupa , Frisco

Challenge

✓ Handling the database for two store locations

✓ Integration via API

✓ Analyzing data from multiple sources

Solution

✓ Self-service system that connects data on multiple levels

✓ Standardization of data to partner requirements

✓ Easy data management for each product file
