

Fumolijup website

The Panamanian Youth Leadership Movement Foundation (FUMOLIJUP) has a national platform made up of 120 young people from 13 to 25 years old, all over the country with high national support. They are a cooperative that supports the productive bases of youth cooperation and seeks to make the youth part of important decision making processes both nationally and internally.

We developed the new website for the Foundation, achieving a site with responsive design and easy [content management](#) with Drupal 8. It has news sections with outstanding news filters, online applications for new members and integrations with social media showing last post in Facebook and Instagram.
