# GovTEAMS Transitions to Creately for Secure, Customizable Collaboration

GovTEAMS, Australia's trusted collaboration platform for government agencies, has officially integrated Creately to empower its members, partners, and guests with advanced diagramming and visual collaboration capabilities.

## Why the switch to Creately?

GovTEAMS, which previously relied on another platform, chose Creately for its unmatched flexibility, deep customization options, and dedicated enterprise support. With secure data centers in Australia and tailored onboarding, Creately met the unique requirements of public sector collaboration.

## What this means for users:

- Access to dynamic whiteboarding, process mapping, and agile project templates.
- Enhanced teamwork and visual planning at no additional cost.
- A solution that scales with complex workflows and governance needs.
