

## Customer Success Stories

*We appreciate TruckLogics for its accounting process that made driver settlements and our other finances simple. Thank you for making it so easy!*

- Justin, **Fleet Owner**

Learn how **TruckLogics** helped manage and track pay for all trips associated with each driver

### Challenge:

A large fleet manager operating lots of trucks and drivers was having a hard time managing and tracking their driver payments. They wanted to track how much had been paid for each trip, including the reimbursements and deductions.

### TruckLogics' Solution:

With TruckLogics, they were able to:

- ⌚ Manage settlements for their drivers for a single dispatch or for a period of time.
- ⌚ Make payments for hauling fees, advance payments, deductions, reimbursements, and more.

### Result:

The fleet manager was able to track all the paid and pending driver settlements and manage their business accounts easier than ever before. All their pending payments and make payments were in one place and adding recurring deductions saved them time. They were able to approve expenses that are reflected in driver settlements.
