

## Splendid Webs

### Longevity

<http://www.longevitypt.com.au/>

Longevity are Exercise Physiologists and Personal Trainers with a difference. We helped them redefine their website, updating and improving UX in several areas with the aim of increasing visitor engagement. We overhauled site speed with some code optimisation and a migration to a new hosting provider. We're now on a mission to improve their SEO and drive traffic to the site to increase the number of leads coming through to the business.
