

## Lynwood Unified School District

### Fiber Installation Project

#### Challenge:

Lynwood USD reached out to GST with an immediate target deadline for a fiber install project. Lynwood USD sought to run fiber optics within the District office and seven other Elementary schools. The District found themselves in a tricky situation, there were no records of any drawings on how the paths lead, to run

#### Project Summary:

GST Team successfully located the correct paths to run fiber at several Elementary schools.

- Designed new cabling standard drawings
- Locate and map paths
- Fiber pull length estimation
- Installed fiber optic cabling
