

MAJOR CONSTRUCTION IT CONTRACTOR-TRANSPORTATION TUNNEL PROJECT

"Compulink took the time to understand what our needs were and then exceeded our expectations. We recommend Compulink as an excellent company to provide technology and support that is important in our business climate today." -Rory, Project Manager

Compulink's Solution:

- We supplied, installed and configured all HW & SW implementations (i.e workstations, Microsoft Exchange server, SharePoint software, Auto Cad, Primavera, Construct ware and tape backup rotation, plotters, scanners, printers and faxes) for both contractor and government agency employees.
- Architected the cabling structure and fiber channel throughout the two five-story building telecommunication infrastructure. Managed & configured all circuit and T-1 installations.
- Installed and configured [Avaya IP](#) office systems with voicemail systems.
- Compulink conducts managed services via; onsite and remote support for users for five years.
