

# **How a Leading MSP Scaled Reporting Across 1M+ Endpoints**

**Featuring Webex,  
Microsoft Teams  
& ISI Analytics**

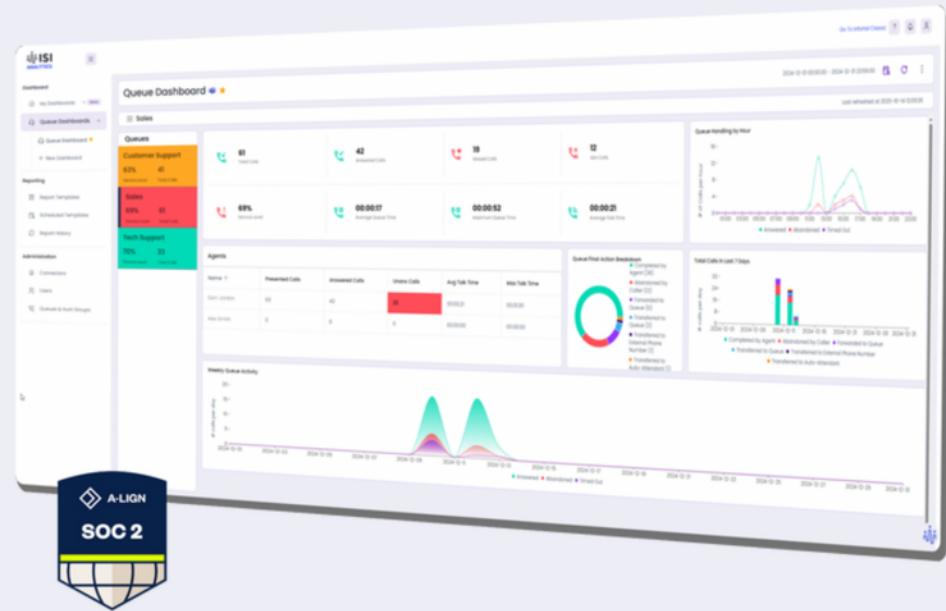

# The Challenge

A top MSP with **500+ enterprise customers** and **1M+ endpoints** struggled:

- ✗ Native reporting wasn't enough
- ✗ Customer demands outpaced manual reporting
- ✗ Needed visibility + scalability

# The Solution

**With ISI Analytics,  
the MSP unlocked:**

- ✓ Internal visibility for managed services
- ✓ Secure customer portals for each client
- ✓ Cross-platform dashboards for Webex + Teams

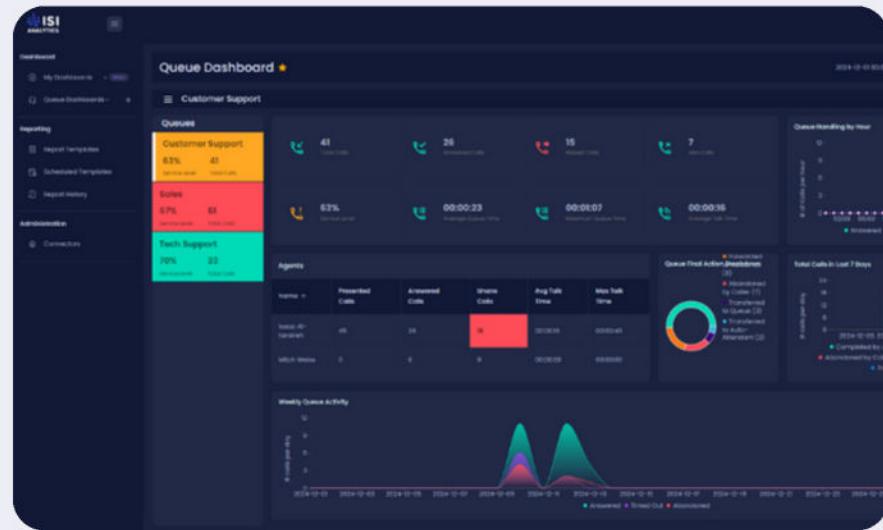

# The Results

- 💡 Scalable analytics across 1M+ endpoints
- 🔑 Customers self-manage reporting needs
- 📊 Differentiated service in a crowded MSP market

# The Takeaway

Turn reporting into a strategic advantage with ISI Analytics.

👉 Empower your services, delight your customers, and stand out from competitors.
