

Background

Series D and debt funding from angels, PE funds and CVC

Significant CG shortcomings:

- No reporting
- Weak investor relations
- Unclear on corporate actions

Data and processes spread across disparate systems

Solution

Investor Relations

Monthly Newsletter with key updates

Tracking of investor engagement

Corporate Administration

Dashboard to monitor investor relations tasks

Centralised management of data in Document library

Benefits

Enhanced shareholder relations

Management time saving

Lower operational costs and risks

Easier preparation for future fundraising
