Public policing priorities

The Police Service of Northern Ireland and the Northern Ireland Policing Board wanted to hear from the community and key stakeholders on the future of local policing in Northern Ireland. They used a Policing Priorities Simulator to put citizens in the driving seat, experiencing first-hand the difficult choices about where resources should go and what areas of policing are prioritised.

“With your input, we will enhance local policing to focus on what matters to you and your community. We need your views on the future of local policing in Northern Ireland – our future, your views.”

- Chair, Northern Ireland Policing Board
