They've become a synonym for passion, individualism, and perfection with more than 25 years of experience. **Over 150 renovated classic vehicles** have passed through their workshop in facility situated in Adamovec during this time – from brands such as Mercedes-Benz, Porsche, Alfa Romeo, Ferrari, and Lamborghini.

Founder, Karlo Beštak, is a third generation automobile enthusiast who has surrounded himself with a team of qualified, skilled experts with a shared passion for perfection.

They are devoted to fulfilling customers' highest expectations when restoring these classic cars to better-than-new condition.

"We see ourselves as keepers of the car's heritage. We prolong its life, revive its value, and clarify your path to the full driving satisfaction. That's our ultimate achievement" says Karlo.
