

Local services and hospitals

Joint Strategic Needs Assessment – collecting stakeholder input

Stockport's Health and Wellbeing Board undertake a regular, in-depth review of health and social care needs in the area. They use Citizen Space to run the online survey component and gather input from local commissioners, staff and service users.

Other local service consultations using our tools include:

- Transforming Mental Health Services in Camden and Islington, UK
- Caboolture Hospital Patient CaRE Survey, Queensland
- Hounslow Joint Health and Wellbeing Strategy, UK
- Minor Injuries Unit Consultation, Staffordshire, UK
- Future model for acute paediatric services in Northern Trust hospitals, Northern Ireland
- The Prince Charles Hospital Patient Experience Survey, Queensland
- Arts Strategy for East Lothian Community Hospital, UK

“Citizen Space is one of the key tools which will allow us to manage change within the NHS, increase consultation...and reach more and more people.”

- Equality and Diversity Coordinator, Stockport CCG
