

Mil Polleras Parade website

The [Panamanian Tourism Authority \(ATP\)](#) decided to develop a website dedicated to their Mil Polleras Parade that celebrates Panamanian traditional garments and culture.

We developed a tasteful and responsive website using [Drupal 7](#), it has a graphic design that touches on the traditional but remains modern and polished. The website looks to shed light on the garments so it has big image blocks and a video slider. Users will also be able to download the sign up form for the parade and watch a re-transmission of it.

Client

Panama Tourism Authority

Project information

Case highlight

- Drupal 7 web development
- Responsive web design
