

“TruckLogics helped to bring in 10x productivity for our trucking business with its seamless dispatch system. We appreciate their efforts in managing our dispatches in a simple yet productive approach.”

- Robin, Owner Operator

Learn how TruckLogics helped this **owner-operator** save a lot of money and time by taking their business with them

Challenge:

A trucking business run by an owner operating was struggling when it came to **finding the best route** for the trip. This resulted in burning fuel and money on unwanted stops. Mailing out shipping documents to customers, brokers and shippers often took way too long.

Trucklogics' Solution:

- ⊗ Find the best route for the trip with the **Route Planner** option and save money and time.
- ⊗ Manage all **trip-related documents** in a digitized format, making the sharing process simple.
- ⊗ **E-sign BOLs** without physical contact.
- ⊗ Easy access to other shipping documents.

Result:

The TruckLogics Mobile Application totally changed the face of the owner operator's business and helped them take it on the go!
