— Wisconsin Institutes for Discovery

The back story

From 2012 to 2016 we served as the Wisconsin Institutes for Discovery website development partner.

Services we've provided

- Custom web development
- Enterprise cloud-based IT/hosting

About Wisconsin Institutes for Discovery

The Wisconsin Institutes for Discovery is a partnership of two world-class research institutes: the Morgridge Institute for Research, a nonprofit research institute dedicated to improving human health by accelerating scientific discovery to patient delivery; and the Wisconsin Institutes for Discovery. The facility brings together scientists and researchers from a broad spectrum of disciplines: arts, humanities, social sciences, education, business and law.
