Ada County WordPress Themes

Design & Custom WordPress Theme Development

CUSTOM DEVELOPMENT, GRAPHIC DESIGN, PHP PROGRAMMING, RESPONSIVE WEB DESIGN, WORDPRESS

We had the pleasure of working with the amazing Ada County IT team on their redesign, including the main Ada County site, the department sites, and the Ada County sheriff site. Built on the WordPress Multisite platform, we designed and built the templates for a fresh new, mobile friendly approach.

We hope the new website will bring a much better user experience to our county's constituents. Again, we really had fun working with everyone in Ada County's IT group – they are a talented, great bunch!

"I want to thank you all for your design, knowledge, support, guidance, positivity, and above all, your willingness to come up with solutions for a body of work we are all very proud of. We could not have done this without you and I appreciate your partnership throughout this project. You have all truly been a pleasure to work with."
