CUSTOMER TESTIMONIAL

Prospect Hospice

Prospect Hospice
together making every day count

USE COMPLEAT

The process is much quicker at each stage as the user friendly nature of the system and visibility all users have meant actions are taken early & swiftly.

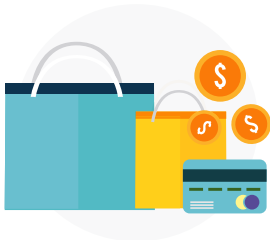

Prospect Hospice

The process is much quicker at each stage as the user friendly nature of the system and visibility all users have meant actions are taken early & swiftly. From a Finance processing perspective, it has reduced time spent on processing invoices down from 8 hours a day to 1-2 hours daily.

In addition, our management accounting / financial accounting is improved as we do not need to manually correct mis-posting so often and we are more assured that our VAT reclaim is correct as there is less manual populating of VAT codes.

PAUL BAKER – HEAD OF FINANCE
AT PROSPECT HOSPICE

FULLY AUTOMATED ACCOUNTS PAYABLE

Prospect Hospice have reduced time spent on processing invoices down from 8 hours a day to 1-2 hours daily.
