**Easylogic**  
**Case Study**

## Case Study

### Easylogic

Easy Logic is a comprehensive e-commerce solution to setup an innovative storefront to sell the products on-line along with group deals that can increase the sales. This project is based on the Uniecommerce pack.

**Industry:** E-commerce

**Technology Used:** PHP, MYSQL, JQUERY

**Client Requirement:** Ecommerce system with language translation in **Dutch and English**.

#### Challenge:

Easylogic is build with Uniecommerce pack. Most of the pages in the Uniecommerce does not support the language translation ,the variables is not language translated. We have changed language in page wise.

Image crop and resize.

#### Solution:

HIGHLIGHTS
<p>Challenge:</p> <ol style="list-style-type: none"><li>1. Multiple language translation not exist already in pack.</li><li>2. Image crop and resize.</li></ol> <p>Solution:</p> <ol style="list-style-type: none"><li>1. Added Multiple language support.</li><li>2. Image resize fixed with better quality.</li></ol>
