Business Challenges

Conduct a comprehensive assessment of Mylan's SAP system landscape focusing on key areas that will enable business strategies to drive growth and productivity

- Supply Chain
- Finance
- Commercial
- Technology
- Data

The Resolution

- Build system capabilities aligned towards best practices for an end to end tax efficient supply chain providing global visibility
- Build core templates and implement a compliant and automated solution across plants that reduces the risk of human errors
- Create a consumption based Single Source of Truth for Master Data that provides a consistent representation of shared information across all recipient systems and applications
- Establish a Global Foundation leveraging a loosely coupled layered technology architecture
- Merge the existing SAP system landscape into a single true global instance to create a foundational architecture for growth

Key Benefits

- Reduce Cost-to-Serve through effectiveness and better efficiency
- Build for increasing complexity and growth

About Intrigo

We empower enterprises for the future.

Intrigo Systems, Inc. is a premier SAP Partner and a leading provider of Advisory, Implementation, and Managed Services. Intrigo has partnered with SAP in the design of their Advanced Planning and Optimization (APO), Integrated Business Planning (IBP), and Collaborative Supply Chain (CSC) environments.
