

“ Trianz commitment to taking end-to-end ownership of developing the e-commerce web app...is exemplary. Their dedicated involvement was key to us garnering the advantages of automated test suite development and manual testing ”

VP of Marketing

Global Storage Systems and Data
Management Company

MY PROBLEM

To transform ourselves into a world-class customer lifestyle organization, we needed to create a seamless, personalized omni-channel shopping experience using state-of-the-art digital technologies.

SIMPLY SOLVED

Trianz was instrumental in designing the correct omni-channel strategy for us, introducing store digitalization, and providing an experiential retail experience to our clients by successfully combining technology with fashion and style.
