PARENTING - INFO

If this pregnancy wasn't planned, ever since you learned you were pregnant, your life has probably been a whirtwind of thought, emotions and activity. For some people, parenting can be difficult, but children are worth it. Even so, parenthood changes you on every level-physically, emotionally, spiritually and financially. No matter how you picture it, it's difficult to accurately grasp what you will need to know about parenthood before it arrives. Want to know more? Get the facts. Maybe parenting is the right choice for you. Before you make that choice, make sure you are ready to fully commit to everything your child needs.

"Being a Mom is hard. Getting up and going to school after staying up all night with a baby is not easy but I want to graduate and set an example for my daughter."

Are you ready for motherhood?

 (\bigcirc)

Having children can be fun and rewarding. For some women who didn't plan their pregnancy, parenting brings a level of emotional and financial commitment that many women don't anticipate. Ask yourself these questions and be honest about how you feel-

1. Motherhood can be a 20 year or more commitment. Are you willing to make the sacrifices of money, emotion and energy and put your life on hold?

The world is entering a new era driven by digital platforms and mobile is key to not getting left behind.
