## Sparo | Reclaim Digital

Sparo is an online entity that allows shoppers to give a portion to charity when they shop on online at some of their favorite retailers. The site is built on the WordPress platform and incorporates a custom design. Users can create an account and begin shopping then a portion of their purchases are given to various charities. Participating retailers are found through a custom search function and can be kept up-to-date by viewing the news section. Overall, the site is clean, organized and keeps with the brand image of Sparo.
