

Curalta Foot + Ankle standardizes operations across dozens of acquired podiatry practices with ModMed

As our group grows, it's important to have a solution that evolves with us. The scalability and intuitive design of ModMed make it easy to streamline operations without sacrificing quality of care. Knowing we have a system that can grow alongside us gives us the confidence to acquire more practices.

Kimberly Casari,
VP of Business Development
& Integration

Curalta Foot + Ankle is rapidly expanding, with over 60 locations and 100 providers, aiming to acquire dozens more in the Northeast. Before and after acquisitions, their team works closely with providers and staff, onboarding them onto ModMed® Podiatry, which includes ModMed Practice Management (PM) and ModMed Pay. By centralizing teams on ModMed, the group standardizes how practices operate to increase efficiency and revenue. ModMed helps streamline financial operations, improves coding accuracy, and increases opportunities for provider and patient satisfaction.

Kimberly Casari, VP of Business Development & Integration, shared:

👤 Onboarded dozens of practices to a larger podiatry group

⚙️ Standardized operations across 60+ podiatry practices

📈 Increase charting compliance within 6 months

Goals

- Acquire practices and scale operations with an all-in-one platform
- Streamline financial operations for efficient claims and revenue tracking
- Track KPIs, improve coding accuracy, and support patient care

Results

- Onboarded dozens of practices with ModMed Podiatry
- Reduced claim denials by automating eligibility checks pre visits
- Created centralized workflows with metrics for coding, charting and billing
