

# Atlantic Orthopaedics & Sports Medicine unifies systems and simplifies team collaboration with ModMed

Implementing ModMed has significantly improved the way we operate. By removing inefficiencies and strengthening our workflows, we have created more time to better serve our patients.

**Stephanie Lewton,**  
Operations Manager

For over 13 years, Atlantic Orthopaedics & Sports Medicine operated with separate systems for their EHR and practice management. Teams couldn't easily share notes or see updates across departments, making communication difficult. According to the practice, switching to ModMed® helped centralize operations, resulting in smoother workflows and more accurate documentation. They report now operating more efficiently and more profitably.

↗ Reallocated four FTEs to boost efficiency

</> Gained confidence and accuracy with provider coding

📦 Consolidated three separate systems into a single platform

## Goals

- Reduce manual processes and digitize patient intake
- Implement an all-in-one system to improve efficiency
- Bring billing in-house and more accurately capture revenue

## Results

- Saved hours through faster diagnostic workflows
- Improved team communication and culture with a single platform
- Improved revenue streams with suggested coding guidance within EMA
