Relying on Spreadsheets Created Multiple Problems

The manual paper-based expense management process had become a significant pain point for the company. The process was quite cumbersome and less efficient. To meet business requirements, the company looked for other alternatives but could not find any product or services that seemed appropriate.

Making the Switch to SutiExpense

Finally, Turtle Entertainment selected SutiExpense software which was able to meet the company needs and also budget. While implementing the solution, the employees faced some installation related issues but were able to work out and resolve the issues quickly.

Company Overview

Turtle Entertainment America, Inc. was founded in 2000 and has developed into the world's largest esports organization leading the industry across popular video games with multiple offline and online competitions. It operates branded high profile international leagues and tournaments like ESL One, ESL Pro League, and other top-tier stadium-size events, ESL National Championships, matchmaking systems, paving the path from zero to hero as fast as possible. They provide a broad range of services in gaming technology and esports, event management, advertising and television production, and more, completely catering to the requirements of the esports ecosystem.

Benefits of Using an Automated Solution

Turtle Entertainment reported that the SutiExpense implementation has been very successful for their business. With this product, employees can enter expense reports much faster. They can quickly review the receipts and then send them to QB for automatic bill generation. The automated bill generation process also saves a lot of time in comparison to the previously followed traditional expense management process. The company also appreciated the swift response time of the SutiSoft Customer Support Team.

Feedback

Turtle Entertainment announced that they are delighted, as the expense management process is functioning much more smoothly using SutiExpense and have already recommended SutiExpense to their subsidiaries.

"SutiExpense is an agile expense reporting solution that could evolve with our growing business requirements and help us make informed decisions."
