USGA Corporate Merch is the official online merchandise store for hospitality clients of the United States Golf Association.

Originally formed in 1894, the USGA is the governing body of golf for the U.S., and also provides a national handicap system for players. It also conducts 14 national championships including the prestigious U.S. Open, U.S. Women's Open, and U.S. Senior Open.

Corporate customers can place volume orders for apparel, accessories, headwear, and even co-branded print invitations to USGA Championships for their guests.
