Benefits Administration Software Category

Benefits administration software aids companies to plan and manage staff benefits packages and comply with government rules. Benefits administration solutions are leveraged to manage staff benefits like stock options and insurance plans, and enable open enrollment periods via an admin dashboard. Enterprises can also utilize these applications to see and adjust staff benefits packages. The tools typically offer staff portals and self-service features to allow employees to see, update, and manage personal documents and information.

HR departments commonly use benefits administration software to manage benefits plans and inspire healthy habits among staff. The platform helps organizations pinpoint the most valuable benefits to their employees and minimize expenses. It can also assist enterprises to comply with local and federal regulations such as the Health Insurance Portability and Accountability Act (HIPAA) and the Affordable Care Act (ACA).

Customer Success Report

Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“For us, ADP turned the benefits world on its head. Our employees can view their current benefits and enroll for the upcoming year without ever having to fill out a paper form. It has saved us so much time, freeing up the benefits group to spend more time engaging with employees, answering questions and providing information rather than being transactional.”

KRISTIE OSTRANDER
DIRECTOR OF HR OPERATIONS, AMERICAN WOODMARK CORPORATION

“Benefits was living in a manual environment that was no longer sustainable. We were operating with paper forms and our benefits information was in filing cabinets. Open enrollment was done with paper booklets. Employees with questions about their benefits phoned HR. We had reached a point where streamlining our processes, system, and methods had become a real necessity.”

STACIE SAYRE
HRIS AND BENEFITS ANALYST, GRACO, INC.

“ADP offered up a complete solution that covers the complete suite soup to nuts, from HR, benefits and payroll perspectives and provides a one stop shop solution.”

CHRIS DEALMEIDA
CHIEF FINANCIAL OFFICER, ORION MARINE GROUP

“To sit back and to see a full year of data – the HR, payroll, benefits – and see the volume of what is actually going through our system is very impressive.”

FEATURED TESTIMONIALS

“We've used the VBA system exclusively and for all of the CHIP and STAR plans we have administered - we've experienced great results. The eligibility system allows for multiple eligibility segments which is very important in the Medicaid world. All of our staff enjoy working with the system as does our client base. We allow some clients limited access to the system for their own health plans. The VBA team has always been very responsive to our needs and has assisted us with any client needs that were presented to us. I would not hesitate to recommend VBA for claims administration needs.”

JOSEPH MANZELLO
COO, MEDIVIEW

“We chose VBA's enrollment solution because we were looking for that seamless integration and did not want to involve another vendor for enrollment. We've realized a cost savings through the member having access to their EOBs on the member portal, so we are no longer printing and mailing. Also, we are saving time and effort with online enrollment through VBAGateway.”

HOLLI TITUS
EMPLOYEE BENEFIT LOGISTICS

“VBA has provided our company the opportunity to customize a life and disability claim system to meet the needs of the industry. VBA continues to be flexible, devoted and still cost effective for EPIC. Our service to our customers improves as a result of VBA's staff and technological expertise.”

WENDY HOUGAN
MANAGER OF OPERATIONS, EPIC

“VBA's technology has helped us create more efficiencies so we can add value without increasing our fees. When you can add a ton of value for your clients without adding a ton of costs to them, that's a big deal. It's how we've been able to grow as much as we have in the last few years.”
