

Building Access Control Software Category

FALL 2025
Customer Success Report

Building Access Control Software Category

Building access control software is a digital card access control platform that can be used to manage entry into a building's exterior doors as well as areas in the interior. The system provides convenient and quick access to authorized persons while keeping out unauthorized people.

To gain access to a building, users can use an electronic access card which is uniquely encoded. This access card is the size of a regular credit card and you can easily carry it in your purse or wallet.

Customer Success Report

Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

FEATURED TESTIMONIALS

“The Brivo system makes my job easier and frees me up for other things. With Brivo, it's easy to find out what we need; the system doesn't lie. It's very easy to manage and we can focus our time on providing quality care to our patients.”

LARRY KADIN
FACILITIES AND PURCHASING MANAGER, ADELANTE
HEALTHCARE

“Ultimately, Brivo's services encompassed everything we were looking for including a userfriendly dashboard, flexibility in adding products to each account and having a reliable service contact in case we ever need any support.”

DANIEL BERTOCH
CO-FOUNDER, ARCHES VACATION RENTALS

“Brivo is a cutting edge platform that brings surveillance, access control and smart apt technology together to create safe, innovative, enjoyable spaces to live and work.”

STEVE SISSON
PRESIDENT AND CHIEF EXECUTIVE OFFICER, VITA
RESIDENTIAL

“The parents are very pleased with Brivo Onair—it has given them peace of mind. I can access the system from my home computer on snow days. We really do like that.”

BECKII PITTMAN

FEATURED TESTIMONIALS

“When parents tour the property, we show them ButterflyMX as both an amenity their children can use to easily access the property as well as a security feature to prevent unwanted guests from entering.”

YVONNE TOMESEK
SENIOR PROPERTY MANAGER, PEAK CAMPUS

“Having ButterflyMX installed at the building's entrance impresses prospective tenants and creates a secure and convenient property access solution for residents.”

JONATHAN EHRLICH
CO-FOUNDER, LIGHTNING CAPITAL

“We are enjoying the improved delivery and resident experience so much that we have already made plans to incorporate ButterflyMX into future projects.”

LINDSAY LECHNER
SENIOR ASSOCIATE, HIGH STREET RESIDENTIAL

“ButterflyMX & their representative Andrew Corbett are beyond helpful! Their ability to respond as quickly as they do amazes us every time.”

FEATURED TESTIMONIALS

“While we were initially interested in the Latch system to provide our residents with a better access experience and the ability to share access, we also realized that the same could be applied for prospective renters. We’re giving the potential tenant the opportunity to walk the property and view specific units on their own time and in a way they feel comfortable.”

MARCEL WISZNIA
PRESIDENT, WISZNIA | ARCHITECTURE & DEVELOPMENT

“We’ve evaluated smart access solutions globally and haven’t found a better combination of hardware and software than what we’ve had with Latch. It’s become standard across our developments. With DOOR, that foundation is evolving into something even more powerful—and we’re excited to keep building with a platform that reflects where the industry is going.”

JOEY LETCHINGER
PRINCIPAL, JDL DEVELOPMENT

“Latch not only made it easier for resident entry but also for building staff to manage who gets access to what. Sharing access with a click of a button makes our team much more efficient and saves us from the unnecessary costs of managing physical keys. Replacing keys is a thing of the past, and this flexibility opens a new door for us.”

LINDA EARLY
PRESIDENT, BROOKFIELD PROPERTIES

“I have been advocating for more widespread use of Latch products in our buildings.”

PETER MCNIECE
PROJECT MANAGER WITH DEVELOPMENT AND
CONSTRUCTION, TRIMARK PROPERTIES

FEATURED TESTIMONIALS

“We were having on-going issues of equipment being taken from our inventory room without any documentation. The company keeps a large amount of inventory on hand and each month, items would go missing. In addition to significant monetary losses from the missing products, Argus was losing hundreds of hours each year tracking down the missing items. Often, the missing inventory was not stolen. Instead, it was in a salesman's truck or was with an installer, but the inventory was still unaccounted for and not available to Argus for installations or for product demonstrations.”

CRISTÓVÃO RESENDE
CHIEF OPERATING OFFICER, ARGUS CONTROL

“We rolled out VIZpin one building at a time, so I wasn't inundated with requests for access, but when I introduce it at each school, I simply give a personal demonstration using my phone and then walk teachers and staff members through the app download process.”

STEVE BURGESS
DIRECTOR OF FACILITIES, YPSILANTI COMMUNITY SCHOOLS

“We love VIZpin and our members love it, too! It has been really great to be able to see who has accessed the gym and what time, as our old system did not have that feature. It's also awesome that we can easily grant them access without having to meet up with them in person.”

LORI SCHULTE TRENKAMP
