Customer Success Report

Public Safety Software Category

Public safety software enables professionals in both public and private safety organizations to effectively manage logistics and improve productivity. Quality public safety software will offer solutions for communication, patient care, response time, infrastructure protection, and collaboration.

Implementing a public safety software solution may help an organization improve workflow and productivity while enhancing the quality of care to citizens. Public safety teams in both the public and private sectors and the general public benefit from up-to-date public safety software.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

ABOUT AXON

Axon is dedicated to a bold and powerful mission to Protect Life and Obsolete the Bullet. Axon is the global leader of connected public safety technologies. They stand for protecting life, protecting truth, transparency, and accountability. Rick Smith founded Axon (formerly TASER International) following the deaths of two high school friends who were gunned down in an act of road rage. This tragedy sparked a passion in Rick to seek new technologies that would enable people to protect themselves without deploying lethal force. Their connected body-worn camera technology and evidence-management cloud are designed to help police officers work efficiently actively...

“The CALEA self-assessment phase is an arduous and exhaustive documentation process on our ability to adhere to CALEA's standards. Since the 2007 implementation of CAD Enterprise (formerly Inform CAD), which includes AVL recommendations and routing components, we were able to reduce our response times. The visual indication of calls and units in CAD Enterprise, along with the integrated mapping, enhanced our ability to demonstrate operations to the assessors. Seeing these functions firsthand provided clarity which was beneficial towards achieving our accreditation.”

CYNTHIA TYREE
CAD ADMINISTRATOR, FORT WORTH FIRE DEPARTMENT

“The platform has significantly improved efficiency, particularly in drafting and redacting documents like probable cause affidavits. Tasks that previously consumed hours are now completed in a fraction of the time — cutting at least 90% off the redaction process alone.”

BARRY W. MORGAN
CAPTAIN, MISSISSIPPI COUNTY SHERIFF

“CentralSquare Community Development is very userfriendly, so having all of this information right there and accessible is impressive.”

“We have found that Everbridge is an invaluable tool that allows us to stay connected with community members and rapidly communicate critical information to them when necessary. Before Everbridge, we relied on a less powerful notification service, and it took us two to three hours to send a message to 5,000 people. Using Everbridge, we have notified 10,000 people in less than 15 minutes.”

KEN PARRISH
PROGRAM MANAGER, PIERCE COUNTY

“The system can allow you to be notified in a very quick fashion, very precise and to the point. You have to remember that there's multiple ways that you can be notified with this system. We can do it by a simple cellphone where you'd get a text message across. It can be done by your email. You can even come across your phone as a verbal message.”

CHIP WESTON
