

Security Awareness Training Software Category

FALL 2025
Customer Success Report

Security Awareness Training Software Category

Security awareness training software is designed to educate individuals within an organization about various aspects of cybersecurity. This software aims to enhance employees' awareness and knowledge regarding potential security threats, best practices for maintaining a secure digital environment, and the importance of adhering to security policies.

Security awareness training is a proactive approach to mitigate risks associated with cybersecurity. This typically includes modules or courses that cover topics such as phishing awareness, password security, data protection, social engineering, and overall cybersecurity hygiene.

Customer Success Report

Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

FEATURED TESTIMONIALS

“A lot of security controls we always think of are the technical controls, but we have to think about the human factor. [For instance,] we didn't have it on mobile devices, and a bigger chunk of our employees were accessing their email primarily on mobile.”

KIMBERLY WANEK
SENIOR MANAGER OF INFORMATION SECURITY, MAYO CLINIC

“It's the difference between saying something and building a culture around something. Because of our partnership with Cofense, I now have employees who are much more skilled at identifying phishing emails.”

SCOTT GOODHART
VICE PRESIDENT & GLOBAL CISO, AES CORPORATION

“I was very pleased with our rollout of Cofense Reporter. I never would've dreamed we'd achieve a response rate of over 50 percent on the first campaign.”

JIM STEWART
CHIEF INFORMATION SECURITY OFFICER, UNITED COMMUNITY BANK

“It's probably our number one cyber-attack vector. We see everything from sextortion scams to basic attachment phish, the whole gamut.”

PATRICK BURCH
IT SECURITY MANAGER, BRASFIELD & GORRIE

FEATURED TESTIMONIALS

“If I could pick only one security solution it would have to be Tripwire Enterprise. Why? Because it can do file integrity monitoring, configuration management, system hardening, discovery and optimization; it also integrates well with our other security solutions.”

MAHMOUD ABDIRAHMAN
INFORMATION SECURITY ENGINEER, VERIFONE

“As an organization, we handle extremely sensitive information and are all too aware of the risks to that information. Our intellectual property is what our business is built on, and the security of our customer's data is always our top priority.”

LAURENT PORRACCHIA
IT INNOVATION AND SECURITY MANAGER, SAFRAN MORPHO

“Tripwire started as a small subset and expanded as a critical tool in our security, operations and compliance arsenal.”

TRAE NORMAN
INFORMATION SECURITY SUPERVISOR, WESTERN FARMERS ELECTRIC COOPERATIVE

“VLM-Pro is a security solution which plays a critical role in Broadway Bank's defense-in-depth approach to security.”

SONNY MONTIEL
VP OF NETWORK SECURITY, BROADWAY BANK

ABOUT KNOWBE4

knowbe4

KnowBe4 is the world's largest security awareness training and simulated phishing platform that helps you manage the ongoing problem of social engineering. Their platform is user-friendly and intuitive. It was built to scale for busy IT pros that have 16 other fires to put out. Their goal was to design the most powerful, yet easy-to-use platform available. Customers with businesses of all sizes can get the KnowBe4 platform deployed into production at least twice as fast as their competitors. Their Customer Success team gets you going in no time, without the need for consulting...

130

FEATURED TESTIMONIALS

“Altogether, the KnowBe4 platform has been well-received by the almost 500 members of the Aptum Technologies team. In fact, some have started to find that the training now needs to be taken up a level.”

KATHLEEN JOSEPH
PHYSICAL SECURITY MANAGER, APTUM TECHNOLOGIES

“The learners engaged well with the KnowBe4 Student Edition training, especially the video modules, which made complex cybersecurity concepts more accessible.”

MICHELLE KIM SWARTLAND
PROJECT COORDINATOR, MIDO FOUNDATION

“Using KnowBe4 Smart Groups has helped us introduce cybersecurity training into the academic culture using a phased approach for each audience.”

RANDY MOORE
IT VETERAN, UNIVERSITY OF OKLAHOMA

“I'd go with KnowBe4 first. Any organisation that feels it needs security awareness training should talk to KnowBe4; don't look elsewhere.”

ABOUT HOXHUNT

Hoxhunt is a human risk management platform that combines AI and behavioral science to create and assign individualized learning paths that drive true behavior change and (measurably) lower human risk. Gamified micro-trainings teach end-users to detect and report advanced phishing attacks. Automated workflows help operations teams respond quickly, with limited resources. Security leaders gain outcome-driven metrics to document reduced cybersecurity risk.

102

TOTAL CUSTOMER REFERENCES

**VIEW ALL
REFERENCES**

FEATURED TESTIMONIALS

“The Hoxhunt reporting button gives us visibility into what kinds of phishing emails are in the system. Before Hoxhunt, we didn't know what kinds of spam and phishing emails our users were getting. We trained users to delete suspicious emails. But now, with Hoxhunt, it's a game changer because we tell employees to report all suspicious emails. This gives us visibility into ongoing real phishing campaigns so we can react with activities like URL blocking and IP address blacklisting.”

TOBIAS HAUSER
HEAD OF INFORMATION SECURITY, VICTORINOX AG

“Hoxhunt is an excellent tool. Our people are more and more looking at every email, even the real email attacks, and really trying to see whether each email is suspicious so they can report it to Hoxhunt. People are becoming more aware of why cybersecurity is important.”

PRIYANKA NAGESH
SECURITY EXPERT, MOSS

“The difference between the automated Hoxhunt solution and a typical, manual phishing platform is huge. We buy Hoxhunt's security awareness as a service, and we don't have to do anything for the simulations to flow.”

TEEMU MÄKELÄ
CHIEF INFORMATION SECURITY OFFICER, ELISA

“Hoxhunt touches both IT and HR: IT for the intelligence from the simulations. HR because it touches every employee. The selection of Hoxhunt was a decision we came to together.”

CHRISTOPH IHNENFELD
VICE PRESIDENT OF GLOBAL IT AND SECURITY, VERTIGIS

[VIEW ALL REFERENCES](#)

FEATURED TESTIMONIALS

“The team has a much better understanding of the potential risks out there and has used Immersive Labs to understand the options to stop the attack and the impacts on business efficiency with each option available. It helps us make more informed decisions about the best way to tackle an incident.”

ADAM GWINNETT
HEAD OF STRATEGY, ENTERPRISE ARCHITECTURE AND CYBERSECURITY, NATIONAL POLICE CHIEFS' COUNCIL

“If a user goes in and figures out a different way to work through something, they can still meet the goal of the lab. That's beneficial because different analysts have their own unique experience, knowledge, and skill sets. Just because they don't know a specific tool doesn't mean that they can't do that kind of analysis.”

RUTHERFORD RANKIN
SENIOR CYBERSECURITY EDUCATION SPECIALIST, OPTIV

“Immersive offered everything we needed to improve our security standing across all areas of the business, not just the cyber teams. It's been really interesting for even the high level security teams to learn new skills and develop understanding in different areas.”

AZEEM BASHIR
CHIEF INFORMATION OFFICER\CISO, HAMILTON CAPITAL HOLDING

“Workforce training requires a human-centric approach. The people behind the screen are what matters. And for this, we have the right platform in place.”

MARCUS BEYER
SECURITY AWARENESS OFFICER, SWISSCOM

MANAGER OF SECURITY OPERATIONS, BEAUMONT
HEALTH SYSTEM

“Security Mentor's lessons are so interactive and engaging that our employees actually like taking the training. Even senior leaders tell me the training is fun.”

THOMAS DUNBAR
SVP AND CHIEF INFORMATION RISK OFFICER, XL GROUP

“The threat landscape changes continuously, and Security Mentor adjusts the training content to keep us educated and prepared for what awaits us.”

RICHARD MALEWICZ
CHIEF INFORMATION OFFICER, LIVINGSTON COUNTY
