

Fleet Management Software Category

Fleet Management Software Category

Fleet management software is a solution that enables enterprises to coordinate, manage, and organize work vehicles using a central information platform. With this program, businesses can smoothly run their fleet operations. Efficient fleet management helps to minimize costs, improve performance, and ensure compliance with industry and government regulations.

Common fleet management solution functionalities include cargo optimization, fleet maintenance, route optimization and planning, quote and price management, GPS tracking, and scheduling and dispatch. This software can be utilized by management and dispatchers to record real-time vehicle operation information. Fleet management programs can also track vehicle operations for maintenance and mechanical issues to enhance the company's overall productivity. Other functionalities of the software include driver license management, insurance, and vehicle acquisition and disposal.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ▣ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ▣ Customer reference rating score
- ▣ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ▣ Total # of profile views on FeaturedCustomers platform
- ▣ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ▣ Social media followers including LinkedIn, Twitter, & Facebook
- ▣ Vendor momentum based on web traffic and search trends
- ▣ Organic SEO key term rankings
- ▣ Company presence including # of press mentions

COMPANY SCORE

- ▣ Total # of employees (based on social media and public resources)
- ▣ Year-over-year change in # of employees over past 12 months
- ▣ Glassdoor ranking
- ▣ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

ABOUT AZUGA

azuga

Azuga is the leader in fleet management software. Azuga's powerful, yet simple to use, platform allows for real-time GPS vehicle tracking and many more fleet management tools that help businesses save money by spending less on fuel, repairs, and insurance, while simultaneously boosting driver safety. At the same time, Azuga recognizes that to truly innovate, GPS vehicle tracking solutions need to go beyond traditional use cases and be embraced by drivers — already at the center of fleet operations, but largely ignored.

Featured Testimonials

“Azuga is the iPhone of the GPS industry. It's simple, affordable and gives the best results. When your drivers know that they are being watched and tracked, productivity increases. Azuga monitors drivers, fuel usage, unauthorized vehicle use and requires no installation, unlike other fleet GPS monitoring systems.”

CHRIS PARISI
PRESIDENT, CG APPLIANCE EXPRESS

“The Azuga App for mobile phone is a great bonus so you don't have to be on your desktop to access info. One of the features about the software is the detailed data for my drivers - it helps to cross-reference their timesheet for accuracy.”

EDDIE SIM
BRANCH MANAGER, HOBART SERVICE

“Azuga is next-gen GPS solution. It's easy to install, portable between vehicles and provides valuable business insight into asset tracking, fuel wasting behavior, vehicle maintenance schedules and driver performance. We recently switched to Azuga from a hard-install GPS provider and are delighted at the results.”

REMY CANO
PRESIDENT, NORTHWEST TANK

“We selected Azuga because of its highly-intuitive, feature-complete, easy-to-use technology that was half the price of competing vendors. Immediately upon installation, Azuga's telematics and analytics helped identify and reduce driver risk and improve ROI.”

ABOUT FLEET COMPLETE

Fleet Complete is a leading global provider of connected commercial vehicle solutions to customers worldwide. Fleet Complete delivers the most feature-rich online platform and the most comprehensive suite of products on the market today. It harnesses smart analytics technologies that enable customers to monitor their fleet, mobile workers and valuable assets in near real-time and capture important data that significantly contributes to their company's success.

Featured Testimonials

“Our drivers were very excited to have Fleet Complete installed in their trucks. For them, they love having a GPS because it makes them feel more connected to dispatch through email and text alerts. For us, we can identify areas where collection problems existed and ensure a smoother, more accountable workflow.”

MARC FOURNIER
OPERATIONS MANAGER, GAUDREAU

“Fleet Complete's streamlined approach made it easy to implement its fleet management system. We appreciate the fact that Fleet Complete continually works with us to expand our reporting capabilities so we can fully utilise the journey management system.”

MICHAEL CASSIDY
QHSE MANAGER, SAXON ENERGY SERVICES INC

“Dispatch can quickly key in the address of the call and we know exactly which tow driver can respond to calls the fastest. In a fast-paced industry, we're confident in saying that using Fleet Complete makes us more competitive and 50% more efficient.”

JACK BLUE
VP AND MANAGER OF OPERATIONS, WILLIAMS TOWING LTD

“Due to courier demand, we needed something efficient to track our growing courier team. The Fleet Complete platform helps a dispatcher choose the best-qualified courier for a specific call, so that the parcel is on time for its pickup and delivery.”

HAMID ZEIGHAMI
CEO, R COURIER

ABOUT GEOTAB

GEOTAB
management by measurement

Geotab is advancing security, connecting commercial vehicles to the internet and providing web-based analytics to help customers better manage their fleets. Geotab's open platform and Marketplace, offering hundreds of third-party solution options, allows both small and large businesses to automate operations by integrating vehicle data with their other data assets. As an IoT hub, the in-vehicle device provides additional functionality through IOX Add-Ons. Processing billions of data points a day, Geotab leverages data analytics and machine learning to help customers improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety, and achieve strong compliance to regulatory changes. Geotab's products are represented and sold worldwide through Authorized Geotab Resellers. To learn more, please visit www.geotab.com and follow us @GEOTAB.

Featured Testimonials

“There's a lot of flexibility and we're able to move and reuse the units which is a great advantage. The openness was a big selling point. We're able to pull Geotab data into our system to build reports and integrate it with other data.”

JEANNIE WILSON
GENERAL SERVICES MANAGER, MISSOURI DEPARTMENT OF TRANSPORTATION (MODOT)

“The Geotab system has the ability to be easily customized for your particular operation. The amount of information that is available easily translates to cost savings and improved safety for your fleet. It is very intuitive and user-friendly. We would definitely recommend it.”

NISKA HODGSON
LOG HAUL AND FOREST RENEWAL COORDINATOR, MISTIK MANAGEMENT

“We are now able to monitor and improve fuel consumption and predict CO2 emissions allowing us to monitor our environmental impact under our ISO 14001 certified environmental management system, all thanks to Geotab.”

JOE WALSHE
OPERATIONS AND SYSTEMS MANAGER, HANSON PLYWOOD LIMITED

“The main reason we implemented the Geoforce-Geotab integration is to track vehicle location. We want to know where our equipment is, where it's been, and how long it's been there. So we're able to not only find all of our vehicles by using the URL on the website, but we have apps that we use to locate those vehicles as well.”

ABOUT KEEPTRUCKIN

KEEP TRUCKIN

KeepTruckin is on a mission to improve the efficiency and profitability of America's trucking industry by building great technology products for truck drivers and fleet managers. The KeepTruckin ELD is the easiest to use and most affordable electronic logging system in the market. KeepTruckin provides drivers with the number one rated Electronic Logbook App for iOS & Android. For fleets, KeepTruckin's web dashboard automates log auditing, IFTA reporting, vehicle location tracking, and more. KeepTruckin is trusted by over 400,000 drivers and 13,000 fleets. The company is backed by Google Ventures and Index Ventures.

Featured Testimonials

“Our drivers were blown away by KeepTruckin's ease-of-use and simplicity. They also love the DOT inspection mode lock feature. They're much more comfortable during inspections knowing that the DOT officer can see what they're required to display, and nothing else.”

WILLIAM BROWN
HSE MANAGER, PRONTO DELIVERY

“I didn't think my drivers would like e-logs, but they love the KeepTruckin app. We have eliminated costly paperwork mistakes, and our CSA score is now improving.”

MICHAEL MCCLANAHAN
BP EXPRESS INC.

“KeepTruckin driver scorecards and Smart Dashcam footage have made our coaching much more effective. Within the first four months of installing the cameras and using video-based coaching, we saw a 50% reduction in hard braking and almost a 70% reduction in hard accelerations.”

NORMAN BRIGHT
FLEET AND SAFETY MANAGER, WOODFORD OIL COMPANY

“We're using KeepTruckin for everything: IFTA, GPS tracking, HOS logs, and even vehicle maintenance.”

ABOUT LYTX

Lytx is the world's leading provider of video telematics, analytics, safety and productivity solutions for commercial, public sector, and field service fleets. Their unrivaled Driver Safety Program, powered by the best-in-class DriveCam Event Recorder, is proven to help save lives and reduce risk. Lytx harnesses the power of video to help clients see what happened in the past, manage operations more efficiently in the present and improve driver behavior to change the future. Lytx's customizable services and programs span driver safety, risk detection, fleet tracking, DOT compliance, and fuel management. Using the world's largest driving database of its kind, along with proprietary machine vision and artificial intelligence technology, Lytx helps protect and connect thousands of fleets and more than one million drivers worldwide.

Featured Testimonials

“We have gained a tremendous advantage in working with the Lytx's telematics and video-based safety technology. It has placed us on a fast track to understanding our fleet, to best utilizing its resources, and to making it safer. It helps us to save costs, and most importantly, to save lives.”

GARY FUNK
SWRFT REGIONAL FLEET MANAGER, UNITED STATES MARINE CORPS

“With DriveCam, we reduced accidents by coaching drivers about leading indicators—that is, driving problems the cameras picked up, which occur consistently, whether a particular driver had an incident or not. That was our primary reason for—and the chief value we got from choosing DriveCam.”

JOHN PETRELLI
MANAGER OF RISK MANAGEMENT, ORANGE COUNTY GOVERNMENT

“Fuel is a highly flammable piece of cargo, and on the road, anything can happen. The Driver Safety Programme helps ensure our drivers are performing as safely as we need them to. The fuel savings we have seen show us that safe driving and efficient driving go hand in hand.”

TIMOTHY EATON
HEAD OF LOGISTICS AND SUPPLY CHAIN, FLOGAS

“[Lytx] DriveCam helps us differentiate our services to new and existing customers by helping us deliver what our customers demand: world-class safety performance, reduced operating costs, and a positive impact on the environment. The combination of Lytx's ability to deliver a strong return on our investment, along with their understanding of the unique attributes of the transportation industry, makes them a high-value partner.”

ABOUT MIX TELEMATICS

MiX Telematics's products and services provide enterprise fleets, small fleets and consumers with solutions for efficiency, safety, compliance and security. The company delivers its solutions to customers in over 120 countries, across six continents. Over 700,000 mobile assets from trucks and buses, to vans, cars, motorbikes and trailers are actively managed by MiX Telematics. In addition to employing in excess of 1,000 people, MiX Telematics has a growing network of more than 130 fleet partners worldwide.

Featured Testimonials

“I now have a full set of reports that I run on a weekly basis. Using these reports, I have access to information on fuel usage, driver performance and vehicle performance. This information provides me with the overview I need and allows me to make strategic business decisions. Overall, we are now very happy with the MiX Telematics system and the support has been excellent.”

PHILIP DAVIDSON
DIRECTOR, NORTH DOWN GRAINS

“With a total of 193 vehicles currently using MiX Telematics technology, it has become much easier to analyze a vehicle's location in relation to an event, and customers are now able to follow the movement of their cargo in real-time.”

ROBERTO NASCIMENTO
LOGISTICS CO-ORDINATOR, TRANSMAGNO

“Since installing MiX Fleet Manager we have been able to proactively manage our operation from the office without disturbing our drivers on the road. As a result, we have reduced the number of phone calls by 90%.”

STUART WRING
OWNER, WRINGS TRANSPORT

“The MiX Telematics Fleet Manager solution has, since 2013, achieved maximum up time and produces highly accurate reports in terms of logging and live tracking. We've only experienced outstanding performance, with no challenges detected during the roll out of the system. We will continue to rely on MiX Telematics for our fleet management needs into the future.”

ABOUT OMNITRACS

Omnitracs LLC is the global pioneer of innovative software and SaaS fleet management solutions serving the transportation sector. The company pioneered the use of commercial vehicle telematics over 25 years ago and serves today as a powerhouse of innovative, intuitive technologies. Leveraging unmatched industry knowledge and resources, Omnitrac's fleet management solutions help companies of all sizes improve the productivity, reliability, routing, safety, and compliance of their transportation assets.

Featured Testimonials

“We immediately could see the potential value and savings we would receive by implementing Omnitrac's Roadnet Technologies' software. ROI was a huge decision factor in our purchasing process.”

CRAIG SULLIVAN
CHICAGO DELIVERY MARKET MANAGER, ROOM & BOARD

“Having Omnitrac's technology in our equipment has helped us gain customers. Most of our larger customers want up-to-the-hour information on a load. Our customers can now access this through Omnitrac's technology and know that their freight is secure.”

MICHELLE LEIST
DIRECTOR OF SAFETY, R & M TRANSPORTATION

“Fuel Manager has exceeded our expectations. It has given us the kind of actionable information we need to better monitor and manage driver and vehicle behavior, which allows us to be proactive in our efforts to reduce fuel consumption and expenses.”

ED DOCKWEILER
DIRECTOR OF LOGISTICS, SOUTHERN TANK TRANSPORT, DAVIS TRANSFER COMPANY

“Roadnet gives us the ability to calculate mile savings, route savings, and get the most efficient use out of our resources. It's a great fit for us because the tool set is very robust and it's very intuitive for the user.”

ABOUT SAMSARA

Samsara is an IoT platform for operations. Our mission is to increase the efficiency, safety, and sustainability of the operations that power our economy. Our portfolio of complete Internet of Things solutions combine hardware and software to bring real-time visibility, analytics, and AI to operations. We serve over 10,000 customers across diverse sizes and industries, from transportation and logistics to field services, food production, energy, construction, local governments, and manufacturing. Samsara's fast-growing team of 1,200 employees is headquartered in San Francisco with offices in San Jose, Atlanta, and London. Samsara has raised over \$230M from Andreessen Horowitz and General Catalyst. Learn more at www.samsara.com.

Featured Testimonials

“Understanding where our fleet is and how it's performing contributes to the efficiency of our business. Working with Samsara's been great not only from a reporting aspect, but also dispatching and overall visibility of where our resources are.”

ANDY NEWTON
PRESIDENT, UNITI FIBER

“With Samsara we're able to identify fuel usage, speeding, harsh events, and power take-off. There are so many things we can capture in one system.”

SANDY LEONARD
PROGRAM MANAGER OF FLEET SERVICES, CITY OF FORT LAUDERDALE

“We have tested several solutions, but the combination of the GPS tracker with solar panel and separate temperature sensors is unique to Samsara. And that connected via Wi-Fi, without cables. With other providers, this is a customized solution.”

NICK VAN SCHAICK
OPERATIONAL MANAGER, ITC HOLLAND TRANSPORT B.V.

“The Samsara dash cam solution stands out because of its instant alerts. If there is an incident it's addressed right away. The technology is ahead of other products that I've seen in terms of innovation and quality.”

ABOUT ZONAR SYSTEMS

Zonar has pioneered smart fleet management solutions throughout vocational, pupil, mass transit and commercial trucking industries. Zonar helps fleets of all sizes maximize the use of their assets with solutions dedicated to improving compliance, efficiency, maintenance, ridership visibility, safety and tracking. Cloud-based services with open API's drive Zonar's smart fleet solutions by making it easy for fleet owners and managers to stay connected to their fleets and drivers and operators to dispatch.

Featured Testimonials

“Zonar has made storm water compliance a snap. Their system is so easy to use and they back it up with a very responsive team that is willing to come to my site if that's the kind of help I need. We can't wait to do mobile dispatch with Zonar in the next phase of our implementation.”

HUGH MESSER
ASSISTANT DIVISION MANAGER, CITY OF TACOMA

“With Zonar, we have been able to better track our vehicles, keep them up and running, and streamline our pre- and post- trip inspections with verified reports. If I ever have a problem, Zonar's customer service is phenomenal. One of the biggest things when you work with a company is how fast you can get them to deal with an issue.”

DOUG LEGG
MANAGER OF STREET MAINTENANCE, CITY OF DENVER

“Zonar offers our drivers cutting-edge, next-generation technology. We wanted a flexible and portable system that could help our drivers stay in touch, be more productive and operate safer trucks. We also wanted a system that could grow with our needs, advance as technology develops and be affordable for our bottom line.”

DAVID JACKSON
CEO, KNIGHT TRANSPORTATION

“Zonar Coach is exactly that. With Coach, the drivers get an outward-facing dashcam and instant feedback on their tablets, allowing them to police themselves toward better driving practices. This has been game-changing. I've had to coach some drivers, but for the most part, they've been receptive to Coach. But they've also identified and worked to correct their bad driving habits.”

ABOUT AGILE FLEET

Agile Fleet is a fleet management solutions company that serves the government, university, utility, and commercial sectors. Agile Fleet's software, hardware and services enable organizations to efficiently manage all aspects of drivers and vehicles to reduce costs, save time, and improve service. The industry's best value in fleet management, Agile Fleet solutions delivers extensive functionality at an affordable price. Agile Fleet's flagship product, FleetCommander, delivers the automated management of fleet maintenance, motor pools, vehicle keys, GPS & telematics, fuel, and risk. Additional services provided by Agile Fleet include seamless integration with other systems, fleet efficiency analysis, in-depth technical support, fleet consulting, and much more.

Featured Testimonials

“The FleetCommander software is easy to use and customers and staff love the system. The software has increased productivity and accuracy of the university fleet. The system streamlines a number of our processes.”

KATHY WELLIK
FLEET MANAGER, IOWA STATE UNIVERSITY

“The transformation of our fleet management and motor pools has significantly improved the efficiency in which we are able to serve our clients. Costs are reduced and we can focus on the important business at hand – serving an at-risk population. We have much more freedom to access vehicles, and using the motor pool is now hassle-free.”

GEORGE MALACHOWSKI
SONOMA COUNTY HUMAN SERVICES DEPARTMENT

“We believe the Agile Fleet data is the key to our success. We have both the FleetCommander FMIS and GPS tracking solutions here. FleetCommander automates the management of our motor pool, helps us manage keys, run reports and keep up with preventive maintenance. We use GPS to gather data about our vehicle usage and driver behavior. GPS is integrated with the FleetCommander system, which uses the GPS to track mileage, vehicle location and driver behavior. All of that data feeds our reports. This has helped us get a handle on our fleet and provide better service to our city employees.”

MIKE SCACCO
FLEET MAINTENANCE MANAGER, CITY OF STAMFORD CT

“Since we have started using the Agile Fleet Commander system, it has made reservations easier for our employees of the Muscogee Creek Nation to access a motor pool vehicle. We are also able to keep track of the utilization of our vehicles, the drivers' habits and trip details of the of the Muscogee Creek Nation and GSA vehicles.”

ABOUT AUTOMILE

Automile offers a mobile-first, design-first fleet and field service management solution to thousands of businesses. It is used by businesses of all sizes across the United States and Europe to optimize fleet performance, gain greater visibility into their drivers and vehicles and ultimately improve the bottom line. With an innovative API and extensive partner program, Automile is committed to collaborating to ensure the best product possible for its customers. Automile enables thousands of businesses to be more productive in the field by delivering a range of real-time mobile features in the fleet and field management space. The company's customers range from small and mid-sized businesses to global leaders including Ricoh and Nestle.

Featured Testimonials

“Automile has given us the ability to monitor the whereabouts of our fleet when they are offsite. Based on the live map tracking, we can see which vehicles are on-site, which ones are at the job site, or if any vehicles have deterred from the destination.”

CHARLES LAMB
FLEET SUPERVISOR, HTH COMPANIES, INC.

“Automile is great. I saw an ad and the rest is history. We haven't had a problem with theft since we've had a GPS tracker system, of which Automile is our second, but it's nice being able to sleep easy. I love the move alerts of the Asset Tracker. That even if I'm sleeping, I can be notified that our setup is moving and can then take action.”

PRIMETIME TIMING

“Now with Automile, we can bring up a map and know where all our trucks are so I know that if I have a house that needs to be done in a neighborhood, I can see which vehicles are closest to this neighborhood and get someone over there as fast as possible.”

CODY BLEDSOE
SERVICE MANAGER, 855BUGS.COM

“I love going to live view and see which vehicles are parked and which ones are moving. We are able to see when the installer gets to the property and are able to keep a check on the labor hours that are entered into the TSheets. We have seen some payroll savings because of this.”

ROB JONES
VICE PRESIDENT OF STRATEGIC INITIATIVES, ELEVATION SOLAR

ABOUT CHEVIN FLEET

chevin

Chevin Fleet Solutions' multi-award winning software, FleetWave®, is a web-based system used by fleet operations across the globe, proven to help businesses measure and reduce costs; improve operational efficiency; reduce administrative burdens; and ensure compliance and risk management requirements are met. FleetWave is designed to meet the demands of any type of operation from any sector, by providing extremely flexible software configurations. The system manages the whole lifecycle of a fleet, from initial acquisition of vehicles, through to deployment; operating expenses; incidents; work orders; maintenance; legal requirements and finally disposal.

Featured Testimonials

“We use FleetWave for our vehicle maintenance, logging all of the repair work and using it for our servicing schedule to ensure all vehicles are serviced at the correct time. FleetWave is extremely easy to use and saves us a lot of time and money. It's very easy to work with the Chevin team, they're always on the phone when you need to speak to them. They can give you advice straight away. FleetWave has really helped us to control our costs.”

SAMANTHA BUCKELY
FLEET OPERATIONS, PREMIER MOTOR SERVICE PTY LTD

“Thanks to Chevin Fleet Solutions, the Smithsonian Institution has transformed its fleet operations and is continuing to fine tune processes to ensure a more consistent, joined-up and cost-effective fleet management practices. The financial cost of operating the fleet has not only been made more transparent but now has the opportunity to be significantly reduced. This will produce a leaner fleet operation and free-up extra financial resources to help the Institution achieve its cultural and educational objectives around the world.”

BILL GRIFFITHS
FLEET MANAGER, SMITHSONIAN INSTITUTION

“FleetWave is extremely easy to use. Having access to all that information readily available to me, all day long, in one location has made our operation incredibly efficient. The thought of not having access to FleetWave is totally unacceptable!”

SHELIA MCKENZIE
ADMINISTRATOR, PENN WEST EXPLORATION LTD.

“One of the reasons we switched to FleetWave was that it had a two-way integration in place with our parts supplier. Now, our technicians can use the integrated 'punch out' solution to request parts directly from a work order by accessing the part supplier's full catalog of parts. The request initiates a check of local stores and nearby distribution centers electronically.”

ABOUT CLEARPATHGPS

ClearPathGPS delivers affordable and easy-to-use GPS tracking solutions to small and mid-sized local fleets throughout the United States. Our customers span a wide variety of industries, though our sweet spot is in helping field service business owners run their business and live their life from wherever they are, whenever they need us. Our award-winning software-as-a-service (SaaS) platform delivers reliable data via both web and native mobile apps. We are one of the few players in the industry to boast 5-star ratings on popular customer review sites such as TrustPilot and SoftwareAdvice. At the end of each day, we go home knowing we've helped businesses to substantially drive down costs, mitigate risk, improve driver safety and accountability, and increase profitability. ClearPathGPS was founded on the idea that if we deliver consistent value to our customers at a fair price, they'll decide to keep using our service without having to lock them into ...

ABOUT DONLEN

Donlen develops the fleet management industry's most innovative technology solutions and offers a proactive, hands-on approach to customer service. For more than 50 years, Donlen has empowered its customers to focus on the core business and drive continuous improvement in the fleet's operational and financial performance. Headquartered in Bannockburn, Ill. Donlen is a wholly owned subsidiary of Hertz Global Holdings.

Featured Testimonials

“By utilizing the services provided by Donlen and ATS, the Goodman Networks day-to-day toll management program has been streamlined and consolidated. As a result, I am able to dedicate more time to other areas of our fleet program without having to worry about tolls and violations.”

KELLI WHITE
CAFM NATIONAL FLEET MANAGER, GOODMAN NETWORKS

“Donlen's partnership with INX is highly valued. For 50 years, Donlen has assisted INX to effectively manage its fleet costs, compliance and efficiencies. We rely on Donlen's professional expertise and consultation and leverage their technology to help us continue to focus on identifying the Best-in-Class vehicles that will meet our wide range of needs.”

LEAH FALLICO
FLEET & OFFICE SERVICES MANAGER, INX INTERNATIONAL INK CO.

“This tool will motivate safe driving habits in our organization, reduce accidents, reduce maintenance costs, and identify inefficiencies in our fleet. The best thing is that it pays for itself in quantifiable fuel savings. Everything else falls right to the bottom line.”

HERB GODSCHALK
CO-PRESIDENT, FISHER AUTO PARTS

“The Find Fuel Discount tool is helping us to control our fuel spend. Donlen has developed an easy and accessible way to help us manage and reduce our operating expenses.”

ABOUT DOSSIER SYSTEMS

Dossier Systems, Inc. is a recognized pioneer and leading provider of intuitive fleet maintenance management software solutions for the surface transportation industry. Founded in 1979 by experienced fleet managers and executives, Dossier Systems has real-world experience and know-how of what it takes to own and manage a fleet at all levels, from the shop floor to the board room.

Featured Testimonials

“The reason we decided to implement Pocket Dossier was to make it easier for our technicians to do repair orders and access performance reports from their work stations. When they go out to the yard to look at a vehicle, they can look up all the information they need with their handheld on the spot.”

ED PRITCHARD
SENIOR VICE PRESIDENT OF FLEET MANAGEMENT AND PURCHASING, SILVER EAGLE DISTRIBUTORS

“Implementing Dossier into our fleet operations has allowed us to create the foundation to launch an excellent preventative maintenance program as well as a new parts program. Since inception, this software has also helped us import our electronic fuel data more efficiently. We are also able to track manufacturer comparisons on cost and fuel mileage. With Dossier tracking all of this data, we have been able to run numerous reports and see our cost per unit in real time Dossier has been an excellent addition to our business.”

DANNY FLOWERS
FLEET/PURCHASING, CHARLEY'S CONCRETE

“We have been using Dossier for over 12 years; it is a fantastic tool to manage fleet maintenance and improve productivity. A few years ago, we added Dossier External Work Management to import electronic work orders from our fleet leasing company, which has saved us countless hours in data entry while eliminating errors. We also use Dossier for asset life cycle analysis, including identifying units above/below expected service life, cost, and fuel performance.”

CHARLES STEVENSON
FLEET MANAGER, AQUA AMERICA

“Dossier has enabled us to track all ownership and operational cost in one software suite. The reporting Dossier provides shows the maintenance cost by VRMS code and the ownership cost on one page. This is very helpful when making equipment purchase decisions.”

DAN CORBETT
EQUIPMENT MANAGER, THE GORMAN GROUP

ABOUT EROAD

EROAD

EROAD develops technology solutions (products and services) that manage vehicle fleets, support regulatory compliance, improve driver safety and reduce the costs associated with driving. EROAD believes that every community deserves safer roads and the people who use the roads should influence the design, management and funding of transport networks.

Featured Testimonials

“EROAD has been amazing for our business. I used to spend hours each month calculating and tracking various combinations and miles for seven trucks in two states and one province. Now I simply click the button and fleet reports for IFTA and IRP are done and printed. With the EROAD solution we can also track exempt miles, which is going to save us loads of money.”

AMY CONOVER
ACCOUNTS PAYABLE & ACCOUNTS RECEIVABLE, BUCHANAN CELLERS

“EROAD is the perfect fit for our business. Their TotalFleet and ELD solutions are easy to learn and have streamlined our mileage and fuel tax reporting, and driver management and compliance with federal, state and local regulatory requirements that pertain to safety and transportation. As we continue to adopt all of the EROAD system's capabilities we anticipate realizing additional benefits and a faster return on our investment.”

DAVE DENT
DIRECTOR OF SAFETY & REGULATORY COMPLIANCE, SOUND DELIVERY SERVICE

“EROAD has streamlined the entire process of how we manage our trucks on a day-to-day basis. We use it for scheduling, understanding utilization, communicating messages to drivers and reducing paperwork for everyone. It really makes day-to-day operations much easier.”

DYLAN J. BOCHSLER
TREASURER, NORTH SANTIAM PAVING

“EROAD streamlines and improves the accuracy of our IFTA filing. Before we adopted EROAD Electronic IFTA we prepared quarterly returns manually, and it could take two weeks to get all of the information and to recreate each trip. With EROAD it takes ten minutes. The solution also eliminates driver errors entering state mileages and fuel purchase data because that information is captured automatically.”

[VIEW ALL REFERENCES](#)

Featured Testimonials

“Fleetio is extremely simple to use. I particularly like the dashboard feature that shows you both what items are past due, and what items will be due soon. This summary has really helped to speed up my weekly checks on the trucks.”

TONY BRUSCO
OWNER, HOMETOWN HARVEST

“The roads in Africa are very demanding on our vehicles. Fleetio allows us to easily keep track of the condition of our vehicles and schedule the servicing of our vehicles as they travel between multiple countries and multiple workshops. It also helps us keep track of the large amount of paperwork that is involved in having British vehicles based in Africa.”

OLLIE BLACKWELL
FLEET MANAGER, SAFARI DRIVE

“One of the biggest features Fleetio provides us is being able to track how much every mile costs us with our trucks and how maintenance costs get distributed over the mileage. Being able to see that in real-time is a huge thing for us.”

RYAN HAMILTON
SR. DIRECTOR OF FLEET OPS, FILLD

“Fleetio takes no brainpower to know where to go or what to do, it's simple. The bulk upload feature allowed us to take all of our electronic documents, send them to Fleetio and we were up and running within hours.”

JEREMY BADER
MANAGER, PROQUAL LANDSCAPING

Featured Testimonials

“We are thrilled with the results. We have a unique selling point that we can demonstrate our safety record; show how rides are more comfortable for passengers; and prove that we are reducing our carbon footprint.”

ROBERT CRAWFORD
TRANSPORT MANAGER, COACH SERVICES

“GreenRoad helps with both improving safety and our mandate to reduce fuel consumption. We complement GreenRoad's service with intensive driver training and fleet management software, resulting in a phenomenal 15% fuel savings.”

RORY MORGAN
NATIONAL LOGISTICS GENERAL MANAGER, IRON MOUNTAIN

“Introducing GreenRoad to our fleet has benefited us without a shadow of a doubt. We're very glad that we took the decision to do so. We've certainly seen a reduction in accidents, and in own-fault accident damage in particular. Our fuel consumption has fallen too along with vehicle wear and tear.”

JASON BEATTIE
GENERAL MANAGER, ALPINE TRAVEL

“GreenRoad is active 24/7, gathering information and data on the drivers' styles, their safety, what the vehicles are doing, and where there are areas the drivers can improve. We are able to look for patterns and to pick up issues such as a driver going too fast into or out of corners.”

ABOUT MASTernaut

Masternaut rebrands for connected future - Masternaut has launched a new strategy to focus on software rather than hardware, as the fleet industry becomes increasingly data focused. The company believes that the future of telematics is about transforming fleet operations by harnessing the power of data.

Featured Testimonials

“Investing in a telematics solution for Dalkia has been a great decision for the company. We’ve been able to optimise our fleet management costs, make significant savings through reduced fuel consumption, and also reduce the number of accidents, thus ensuring better on the road safety for our employees.”

JEAN-LUC CELOTTO
NATIONAL VEHICLE MANAGEMENT MANAGER, DALKIA

“Our Masternaut telematics solution has helped build a partnership between the fleet managers, owners of the work and our employees. It’s encouraged good driving behaviours that reduce cost, decrease vehicle emissions and better manage the risk that our drivers and mobile staff encounter whilst on the move.”

KEITH BURGESS
EXECUTIVE BUSINESS MANAGER, OAKLEAF COMMERCIAL SERVICES

“Working with Masternaut, we’ve been given a top rate service and valuable data to help steer our business and fleet. Masternaut’s system is a real peace of mind tool – letting us know where our staff are at any time as well as telling us how safely they’ve been driving. The results we’ve had on driver behaviour have been excellent and in the future with Masternaut, we’re hoping to do more with fuel consumption to see how we can reduce that further. We’ve made a 10% saving on fuel so far and that’s something we’re confident we can reduce further with Masternaut.”

GARY PRICE
MIMRAM SITE SERVICES

“We chose Masternaut above other telematics providers because its solution offered a complete, all in one package that gives us access to a plethora of information relating to our fleet. The online portal is a great resource for our fleet managers, giving them real-time access to van movements and the ability to maximise distribution efficiencies. Masternaut’s solution has already enabled us to start scoping out how we evaluate our performance. Our KPI implementation is still at a relatively early stage, however, we’re pleased with the results to date and are looking forward to seeing how Masternaut can further positively impact our business.”

ABOUT NEXTRAQ

NexTraq™

NexTraq® is the GPS fleet management solution of choice for a growing number of customers with fleets ranging from 2 to more than 2,000 vehicles. Since its inception, NexTraq has been a pioneer and innovator in the telematics space with its award-winning platform and mobile app. Over the last few years, NexTraq has grown more than 20 percent annually and today serves more than 110,000 subscribers.

Featured Testimonials

“I love the NexTraq Connect mobile app along with the reports because it's a wonderful fit for what we do. Not all technicians come into the office. The Time & Attendance module enables employees to Clock in and out from anywhere.”

NOEL MURPHY
VICE PRESIDENT OF OPERATIONS, TRINITY WIRING SOLUTIONS

“We have had a great partnership with NexTraq over the past few years and we look forward to continuing a relationship in the future. The NexTraq Fleet Tracking solution has enabled us to provide better customer service to our clients, as well as control and reduce our own costs throughout the fleet.”

TOMMY ELWORTH
FLEET COORDINATOR, A SHRED AHEAD

“Because of the tracking functionality, driver behavior has changed, making our fleet more efficient. We have increased productivity by 25% with NexTraq Web Services integration.”

ROBERT NOEL
SPECIAL PROJECTS MANAGER / GIS MANAGER AND ACTING COLLECTION SYSTEM SUPERINTENDENT, WESTERN MONMOUTH UTILITIES AUTHORITY

“We have completely eliminated unnecessary idling, significantly reducing fuel costs. Additionally, it helps with maintenance costs because you are using less engine hours which ultimately helps with our vehicles' longevity.”

[VIEW ALL REFERENCES](#)

Featured Testimonials

“The FleetMind solution sold itself when we had our first demonstration. The choice became even easier when we realized that our database provider had a readily available integration module with FleetMind. Since our start-up, the hardware installed in the trucks has been solid and virtually problem free.”

RON ULOTH
VP AND GENERAL MANAGER, ROSEDALE TRANSPORT

“We selected FleetMind as our on-board solution after conducting an exhaustive search of options available. FleetMind was the only provider that could offer us both the low operating cost and a simple ease of use design. The simple driver interface and design of the unit was welcomed by our drivers. The initial rollout was much easier than we anticipated. We were able to achieve an ROI far faster than originally thought by simply being able to manage driver behavior such as idling, speeding and unauthorized breaks.”

BRIAN DEATH
GENERAL MANAGER, JD SMITH

“Customers will benefit from our enhanced ability to now provide “real-time” on-route information, while we can all breathe easier knowing that our FleetMind-equipped vehicles are helping us reduce vehicle mileage and fuel consumption, as well as overall greenhouse gas emissions.”

BILL TAVARES
VICE PRESIDENT OF TRANSPORTATION, CASELLA WASTE SYSTEMS

“We selected FleetMind to provide its route management and dispatch system that offers enhanced customer communications, and more accurate and real-time operational data analysis through live web-based map displays and dashboards. This system greatly enhances our ability to react to our customers’ needs in real-time through mobile computing technologies. This new functionality will facilitate operational efficiencies, reduce costs and maximize revenues.”

ABOUT VINITY SOFT

Vinity Soft is a software development company, specialized in vehicle fleet management and tool & asset management software solutions. Their fleet management software is engineered so that no matter where you or your staff are, whether in the office or outside dealing with customers and working remotely, your database and information is available to those that need it when they need it; and with the Tool & Asset management software, you'll never have to wonder where company assets are located or who has them. When you buy business software solutions from Vinity Soft, you're buying software that was written to fulfill real world needs.

Featured Testimonials

“Once again, I would like to congratulate you for your software, Vehicle Fleet Manager. We have a construction business and we had been looking for the solutions offered by this software for over three years! Vehicle Fleet Manager is the best tool available for helping us collect data and expenses for a fleet of 194 vehicles and equipment of all kinds.”

RONALD THÉODORE
TECINA S.A

“Purchased the software after trying a sample for 30 days. The Software has been amazing! I love this software. The ease of use is amazing. I had to have a little bit of customization done to make it be perfect for my environment, the customization was fast and inexpensive and works great. The Customer Support is AMAZING! Always get a fast response (usually within minutes). Even logged in my my system once and walked me thru a couple of issues that I was having. HIGHLY RECOMMEND.”

ERIC OLMI
ARNOTT INC

“It's a vehicle fleet management solution which meets all the essential needs with regard to managing a vehicle fleet. It's user-friendly and can be customized by any user. The product is priced competitively and is within the budget of any SME. The after-sales service and the helpfulness shown by the software provider are another bonus when choosing this product. We wholeheartedly recommend that companies obtain this product to manage their vehicle fleets.”

OMAR GARGOURI
SINDBAD DE TRANSPORT DE MARCHANDISES

“I have found Vehicle Fleet Manager to be a perfect solution for keeping track of vehicle records that could be accessed by everyone in the company. We also needed a way of tracking vehicle maintenance without spending a lot of money and Vehicle Fleet Manager does that perfectly too. Vehicle Fleet Manager has met and exceeded all my expectations.”

“The efficiency and flexibility of our booking, dispatch, delivery and administration systems has allowed us to stay lean and pass on this efficiency to customers in the form of excellent service with reasonable pricing.”

PETER HARRIS
OPERATIONS MANAGER, WRIGHT MIX

“Through WEBFLEET we can now see how a driver's behaviour is impacting on the truck's fuel consumption and performance, and we are developing a bonus scheme that will reward good driving that helps us contain our costs, reduce our carbon footprint, as well as keeping our drivers and other road users safer.”

PAUL BARBER
MANAGING DIRECTOR, RAPID RESPONSE SOLUTIONS

“I can check routes, drivers and vehicle locations on my iPhone - I'm in touch with what's happening all the time. With that knowledge, we've been able to consolidate routes and improve the way we do things. We expect these savings to continue to grow.”

LEE SELBY
DIRECTOR, SELBY TRANSPORTATION

“Finally, the financial savings have been significant. The ecoPLUS unit and the insights from WEBFLEET reporting and analytics have enabled us to monitor fuel consumption and analyse fuel use. This has meant not only reduced fuel consumption but also an ability to focus and report on CO₂ reduction. We are one of the first companies of our kind to report CO₂ accurately and it has helped give us a further competitive edge. An overall 27% increase in miles per gallon is a great result, which we hope to improve further with time.”

Featured Testimonials

“Whip Around is easy to use and deploy. Using this app has resulted in maintenance issues being found quicker which results in less downtime. It's also very easy for CDL drivers to create pre-trip inspection reports.”

TYLER BARNETT
PARTS MANAGER, DESERT GREENS EQUIPMENT

“This software is the easiest product out there today to use and implement immediately into standard operating procedures. Fast, simple set up and the ease to customize reports make this a true value for the money! Online support is AMAZING!”

JASON RAMSEY
PRESIDENT, PRESTIGE WORLDWIDE TRANSPORTATION INC.

“User friendly and customizable to meet any line of work that requires inspections on equipment, facilities, jobs, etc. It is also really nice that you can have unlimited drivers and forms, and that you only have to pay for assets. Unlimited cloud based storage is a definite plus as well.”

JASON SEARS
SAFETY DIRECTOR, DIGGING & RIGGING, INC.

“I love Whip Around. It has given me a better insight into our fleet. I can see generic issues with the same banded vehicles easier which, in turn, helps me with warranty with dealers. The online and email support you provide is fantastic, and the whole team has always been helpful and easy to deal with.”

JASON BARNETT
NATIONAL OPERATIONS MANAGER, IAS FINE ART LOGISTICS
