Customer Success Report

Barcoding Software Category

A barcode only becomes meaningful if you have the adequate tools to interpret the information contained in the lines. Barcode technology offers multiple benefits to both businesses and consumers. To get the most out of this solution, one needs to use special barcoding software. It's a program that helps you assign and manage barcodes for your products. Most of the barcoding software in the market offer integration with inventory handling, as well as point of sales systems, which is extremely helpful to track and assist in the correct management of the stock level's information. Customer Success Report

Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“JMagic is a pleasure to use. Because we were already a MarkMagic barcode labeling software customer, moving over to MarkMagic Forms was an easy, cost effective decision. We already knew how to use the product. We’ve also purchased the MarkMagic PrintMonitor Option. The monitor looks at the output queue for the print jobs and automatically puts the form on top, so the programming effort on the user side is reduced dramatically.”

JOE LEWIS
IS EXECUTIVE, SPIEWAK

“From an inventory control perspective, I think it has all the features a manufacturing company would need. It has timestamps of when was an asset is brought online. You have real-time data to see where something is at all times. There’s a heightened sense of accountability too, because whoever timestamps it also has their user account linked to it. So, it’s a complete audit trail.”

SHIZA KHALID
MANUFACTURING ENGINEER III, THERMO FISHER

“Because we are already a MarkMagic Barcode Label software customer, adding MarkMagic Forms will be an easy decision. We’ve been working with MarkMagic for more than 10 years, and we already know how to use the product. The MarkMagic PDF/Email/Fax Add-on Option will let MEC eliminate the time and expense associated with faxing purchase orders.”
