SUMMER 2025
Customer Success Report

Fleet Management Software Category

Fleet management software is a solution that enables enterprises to coordinate, manage, and organize work vehicles using a central information platform. With this program, businesses can smoothly run their fleet operations. Efficient fleet management helps to minimize costs, improve performance, and ensure compliance with industry and government regulations.

Common fleet management solution functionalities include cargo optimization, fleet maintenance, route optimization and planning, quote and price management, GPS tracking, and scheduling and dispatch. This software can be utilized by management and dispatchers to record real-time vehicle operation information. It ensures employee and vehicle efficiency by helping users to document information on work breaks, idling time, speeding, and driving routes to develop driver profiles.

Customer Success Report

Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

FEATURED TESTIMONIALS

“GPS tracking and fleet telematics is going through a huge makeover. Plug-and-Play devices make installation quick and inexpensive. Rich data helps make fleets more efficient and at half the price of the plain old black box systems. We chose Azuga over a traditional black box provider to help us move to the next generation of GPS tracking and vehicle intelligence.”

PETE STEINMETZ
COO, TURNER PEST CONTROL

“Azuga has gone out of their way to put things into the fleet tracking system to help us. We absolutely love it. I’m a believer in the Azuga fleet tracking system.”

JON SIMS
FLEET MANAGER, SATELLITES UNLIMITED

“With its real-time availability, Azuga Fleet lets us operate our entire fleet as efficiently as possible and deliver superior customer service to our clients.”

DENNY WALKER
GENERAL MANAGER, KO OLINA TRANSPORTATION

“I can configure Azuga’s fleet tracking software exactly the way I want and get to the information I need quickly and easily.”

“The SmartDrive video and data capture system enhances the information we have to successfully coach drivers and improve fleet safety. What used to take months to discover, our regional safety managers can now learn in a day and bring that information to drivers when it can have the greatest impact. In our first 60 days, we saw real results and significant improvement, including improved fuel savings and dramatically lower occurrences of risky driving behaviors.”

TERRY MCADAMS
VICE PRESIDENT OF SAFETY, BULKMATIC

“SmartDrive's ability to quickly and efficiently identify coaching opportunities allows us to proactively reduce incidents while engaging our operators so they understand where they can improve performance. It is critical to understand why an event has occurred, so you can coach your drivers or praise them for a job well done.”

MIKE ANDERSON
VICE PRESIDENT OF SAFETY AND SECURITY, RATP DEV USA

“SmartDrive has further ingrained safety into our company culture and the results have validated it. Prior to SmartDrive, we were paying out on claims where we knew we should have been exonerated. During the July 2018 – Jun 2019 time period Leavitt's Loss Ratio came in at 13% compared to the previous 4-year average of 135%—this is phenomenal.”

BILLY DOVER
SENIOR RISK MANAGER, LEAVITT'S FREIGHT SERVICE

“We decided to migrate from the legacy OmniTRACS to MCP50 to take advantage of a more robust suite of applications and platform performance capabilities. Omnitracs has been a trusted business partner of ours for more than 15 years. We know that their products are reliable and they offer exceptional customer service.”

FEATURED TESTIMONIALS

“What we love about Fleetio is the versatility we have by keeping up with each and every one of our vital pieces of equipment we use on a day-by-day basis. Whether it be logging fuel, maintenance cost, scheduled repairs, service reminders - literally anything! It is quite simply a hassle free program.”

STEFAN LEGAL
OPERATIONS MANAGER, MEDI-VAN

“Fleetio's user interface was by far the easiest of the software options we looked at. Our employees and customers were able to jump right in and learn the system immediately without any training. If we ever do have a question or feedback, the Fleetio team is extremely responsive and helpful.”

GREG TAYLOR
SERVICE DIRECTOR, TROY FORD

“Fleetio is quick, easy and intuitive. We travel a lot, and love that we can access it from anywhere, whenever we want to look up something or enter maintenance updates. Thanks to Fleetio, our team is saving at least 2-4 hours every week on fleet management tasks.”

NENA BARLOW
OWNER, BARLOW JEEPS

“Fleetio definitely plays a big role. Not only does Fleetio house all of our data, but it's also where we pull all of our data and generate our reporting. So Fleetio has been integral to the daily workings of our department.”

ABOUT GREENROAD TECHNOLOGIES

GreenRoad, a global leader in driver behavior technology, provides highly effective fleet driver safety and compliance solutions. Currently used by more than 100,000 drivers, the GreenRoad solution employs advanced real-time, in-vehicle feedback and change management methodologies to promote meaningful, lasting change in driver behavior. In addition, GreenRoad's data-based predictive analytics give fleet managers the information they need to optimize overall fleet management. As proven by deployments with hundreds of customers in the bus & fleet, utilities, logistics, oil & gas, construction and other industries, the GreenRoad solution improves...

FEATURED TESTIMONIALS

“GreenRoad gives us a centralized view into the safety of our entire fleet, pinpointing any unsafe drivers, no matter what type of vehicle they drive or where they're located. It also gives managers valuable insights: by analyzing the driving data, we're continuously improving our safety, moving closer and closer towards our goal of zero driving incidents.”

CHULA SULGAESUAN
REGIONAL CATEGORY MANAGER, SYNGENTA APAC

“Introducing GreenRoad to our fleet has benefited us without a shadow of a doubt. We're very glad that we took the decision to do so. We've certainly seen a reduction in accidents, and in own-fault accident damage in particular. Our fuel consumption has fallen too along with vehicle wear and tear.”

JASON BEATTIE
GENERAL MANAGER, ALPINE TRAVEL

“GreenRoad has been a holistic solution to identify, improve, and manage our drivers' on-road behaviors. Increased fleet visibility reduces response times for operational requirements and drivers feel included in the success of improved safety on the road.”

TROY REESBYS
RISK MANAGEMENT, REESBYS

“Forrest advocates sustainability, so it's important that we practice what we preach. The introduction of the new fleet with GreenRoad technology enables us to deliver greener operations.”

FEATURED TESTIMONIALS

“Working with Masternaut, we’ve been given a top rate service and valuable data to help steer our business and fleet. Masternaut’s system is a real peace of mind tool – letting us know where our staff are at any time as well as telling us how safely they’ve been driving. The results we’ve had on driver behaviour have been excellent and in the future with Masternaut, we’re hoping to do more with fuel consumption to see how we can reduce that...”

GARY PRICE
MIMRAM SITE SERVICES

“For independent family businesses like Murdock Builders Merchants it is vital that they deliver the best services for their customers. Telematics can become a vital tool to ensure a company is able to meet high customer expectations, and at the same time improve on driver behaviour across the fleet. Telematics enables you to provide a duty of care to your staff...”

PAUL SHEPPARD
GROUP FLEET MANAGER, MURDOCK BUILDERS
MERCHANTS

“Mark Green and his team at RBWM have worked very hard on reducing emissions from all areas of their fleet operation. This has included grey fleet drivers – a notoriously difficult group – and the use of fuel-efficient pool cars where possible. Better data collection has also allowed them to gain greater management control of both their own fleet and those in cars acquired through salary sacrifice.”

MARK GREEN
FLEET MANAGER, WINDSOR & MAIDENHEAD COUNCIL

“In addition to the solution’s performance and ease of use, in MICHELIN Connected Fleet we have found a flexible, responsive partner capable of providing rapid solutions to our needs. As an SME, this really is the solution that makes the difference compared to other existing ones on the market. It’s great to have a partner who can move forward at the same pace as us.”

ABOUT AXON SOFTWARE

Axon Development Corporation is one of the first providers of software designed specifically for the transportation industry. Software by Axon is totally integrated and works in Real-Time, meaning it seamlessly combines all operational and accounting needs of your trucking business. It works hard in the background, taking the information you enter in one place and instantly applying it to all the other areas it should be used. This will save you an immense amount of time and money by slashing the need for tedious multiple-entry and reducing the chance of error.

FEATURED TESTIMONIALS

“I would say the biggest improvement would be the equipment cost. We’ve definitely been able to cut down on our fleet size because we’re able to utilize the fleet much better than we had in the past. We’ve cut one customer’s trailer pool from 20 down to 10 and still been able to do the same volume of loads for them. And we’re still keeping up deliveries in a timely fashion.”

ERIC LAUBACH
OPERATIONS MANAGER, CDS TRANSPORTATION INC.

“I think Axon helped us win the 2012 Best Fleet to Drive For because of the records that it keeps and all the statistics that we have. Being able to track our fleets in what they do, how fast they go, the fuel consumption, the service: everything is there that we need. Being able to monitor them closely helps our drivers do their jobs. I think Axon was a huge help.”

HELEN KNOLL
OWNER, DJ KNOLL TRANSPORT

“The recession had its impact. We had to cut our drivers and fleet. Because of the Axon software, we could see which lanes made money and which lanes we should close. Axon made it easier to make those decisions. Otherwise we wouldn’t have survived.”

HENRY DOERKSEN
GENERAL MANAGER, A & K ENNS TRUCKING LTD

“Axon lets us provide instant updates for customers which, as we all know, is very important. Instant information, instant access, and prompt responses.”

LUC DUBÉ
GENERAL MANAGER, HORIZON INTERNATIONAL DISTRIBUTORS

ABOUT COLLECTIVE DATA

Collective Data products are easy to use, flexible, scalable, and integrate with many third party solutions to improve productivity in fleet operations. Supported by best-in-industry technical support, Collective Data software is a high-end solution for organizations looking to get serious on data collection and analytics. They offer governmental law enforcement specific software, as well as specific software for the trucking, construction, or transportation industries.

ABOUT RTA

RTA has kept fleets rolling since 1979. Prior to forming RTA, Ron Turley managed a fleet of over 50,000 pieces of equipment for United Parcel Service (UPS). This presented several challenges and Ron knew that getting a Fleet Management system in the hands of the managers was critical to properly maintaining a fleet of any size. After leaving his position at UPS as the National Maintenance Manager in 1979, Ron started the RTA Fleet Management Company, with a focus on developing software for the Fleet Manager. RTA has been one of the leaders in providing Fleet Management Software for thousands of...
