“I have been with DrChrono for about 6 years now, and it is always improving. It's a nice system that can be used in multi-disciplinary practices. I am a chiropractor and I used it with a medical Nurse Practitioner. What initially appealed to me was there was no multi-thousand dollar up-front fee that other EHR companies want to charge you, along with yearly upgrade fees. None of that here, so you start off saving thousands.”

CHARLENE BLACK  
MEGMED HEALTH

“If speed is someone's need, DrChrono fulfills it. It's efficient and completely mobile. It's a system that is completely cost effective - your overhead is an iPad. The system is so integrated that you can chart and bill with the touch of a button; we never lose a dollar because the billing is built into the notes.”

MARK AMOLS  
REPRODUCTIVE ENDOCRINOLOGY & INFERTILITY, NEW  
DIRECTION FERTILITY CENTER

“DrChrono's EHR application on the iPad is fast, easy to learn and gives me and my staff more time to focus on the patients and their needs. Being paperless has enabled me to be more organized and effective - it is exactly what I had been looking for and I'd recommend it to anyone!”

CHRISTINE STEWART
