Customer Success Report

EDI Software Category

EDI (Electronic Data Interchange) software facilitates data exchange and transfer between multiple computers. This platform is utilized for speedy transfer of business files within enterprises and between company partners, like customers or suppliers. It can translate widely used file types into an integrated format and offer templates for a standard format utilized in transfers.

In short, EDI software facilitates secure data exchange and transfer between a network of computers. It also offers project planning and document mapping features to help optimize and automate data transfers.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“With Cleo Integration Cloud we have one cloud-based platform that offers every type of transaction processing that we would need, whatever our customers are asking for. We don't have to build custom solutions or find a different tool. We're even using Cleo for a new API-based HCM (Human Capital Management) system we're deploying.”

JAN ARVAY
VICE PRESIDENT OF IT, SAUDER WOODWORKING
COMPANY

“By offloading EDI processing to Cleo, we can seamlessly manage the high transaction volumes that our business requires. Having Cleo allows us to shift our efforts from the complexities of integration to developing exceptional Bluesight products that transform the world of medicine.”

RAVI BOPPANA
TECHNICAL PROGRAM MANAGER, BLUESIGHT

“Most of our clients and partners demand EDI and expect us to provide integration solutions for real-time data exchange. With Cleo's stable and easy-to-use MFT technology, we can confidently deliver those solutions.”

TERRI SANDINE
MANAGER OF APPLICATION DEVELOPMENT, MOHAWK
GLOBAL LOGISTICS

“Our previous EDI provider, SPS Commerce, presented multiple inefficiencies, and we needed a solution that truly understood our business and could support our operations effectively.”

“SPS has been a valuable partner providing guidance and support, including insights into what other retailers are doing and what we should be doing. As we grow our supplier network to expand our assortment, SPS has been very flexible and supportive in helping us onboard suppliers faster. They have also played a crucial role in instilling best practices, including EDI, with new suppliers right from the start.”

CELICA SANCHEZ
SENIOR MANAGER OF SUPPLY CHAIN DEVELOPMENT,
IHERB

“The SPS solution was directly responsible for reducing costs and for a marked reduction in trouble tickets. It improved distribution center productivity, flow and service levels, and it significantly reduced our returns to vendors, leading to more productive use of floor space.”

AL SOLTANIAN
PROJECT MANAGER, BURLINGTON

“I would say SPS Analytics saves me hours a week. It's helped so much. Instead of spending hours trying to find data, I'm able to do it in seconds. And it's right where I need it to be.”
