SUMMER 2026  
Customer Success Report

## Enterprise Project Management Software Category

Enterprise project management (EPM) software offers organizations the features required to effectively manage all their projects at an enterprise grade. With this platform, companies can view projects strategically, permit executives to delegate resources to priority projects, and determine how various projects fit into their organizational objectives.

The system empowers enterprises to streamline all related projects to facilitate maximum effectiveness. Leading EPM tools provide a range of modules including project portfolio management (PPM), file sharing, calendars, internal messaging, and more, which contribute to a company's strategic business objectives.

# Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

**The overall Customer Success ranking is a weighted average based on 3 parts:**

## CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

## MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

## COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

## Award Levels

### MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

### TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

### RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“Before AtTask, we were getting out about six projects a year. We've had two years in a row now with 28 projects completed. AtTask has been a great, big part of that. It's been a huge enabler in improving our processes.”

SCOTT ELLIS  
DIRECTOR OF ENGINEERING, IDEX

“Workfront does a great job of organizing all job elements together. No more searching for miscellaneous printouts—it's all together with the project.”

FRED BRIENO  
DIRECTOR OF PRODUCTION, C3 | CREATIVE CONSUMER CONCEPTS

“I used to go to project status meetings two or three times a week. Now, I'll attend maybe one meeting a month, because I already know.”

STEVE MALCHOW

## ABOUT PAYMO

Paymo - Project Management, Time Tracking & Invoicing. In the past years they've noticed a strong move among businesses to cloud services and the great advantages they bring. However, as this move is happening at an accelerated pace, they've also noticed a couple of new problems that businesses face daily. Nowadays small businesses end up using a suite of specialized online apps that usually don't talk to each other; or, if they do, they do it poorly. This is one of the main problems Paymo addresses: to ensure your projects move forward.
