

Enterprise WiFi Solutions Category

SUMMER 2026
Customer Success Report

Enterprise WiFi Solutions Category

Today, businesses need fast and reliable internet connectivity to be productive. This is true especially in sectors where companies utilize machine learning and artificial intelligence in their systems. This need has led to the rise of enterprise WiFi solutions. These are advanced networks that use strategic design, more access points, and better equipment to create reliable web connectivity for business users.

Enterprise WiFi utilizes slightly different management methods and protocols compared to consumer networks. The equipment can support bigger loads without being affected by dropped or dead signals. An administrator controls access so that only authorized people are able to connect. In short, enterprise WiFi is an advanced version of home WiFi built to manage the greater demands of public institutions and businesses.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

2026 Customer Success Awards

“The ZyXEL solution we implemented to bolster our Wi-Fi coverage is fully functional, and more importantly for us, it perfectly meets the requirements of our hotel guests. Another important aspect is the possibility of extending this superior, hassle-free Wi-Fi coverage to other parts of our family hotel in the future as new buildings are constructed and expanded. The wireless project was implemented exactly according to our requirements, mutual agreement, and the satisfaction of all parties.”

TOMÁŠ BOŘEK
DIRECTOR OF FAMILY, PENZION ZA VODOU

“ZyXEL offers highly efficient and stable devices compatible with various applications tailored to the needs of the project. As a result, the Liquor Distillery Organization is able to function and communication more efficiently. The devices are also compatible with the future expansion of the organization. The Liquor Distillery Organization made an excellent decision by choosing ZyXEL.”

JULAIRAT SANTITRANON
HEAD OF IT DEPARTMENT, LIQUOR DISTILLERY ORGANIZATION

“The ZyXEL Controller helped us to meet BYOD challenges. As more and more people are bringing their own devices to work, the workplace has gradually evolved from “one device for one person to “multiple devices for many people”. The ZyXEL NXC2SOO controller has given us the satisfaction of a product designed to work with ZyXEL Access Points with no pre-configuration required.”

N.K. SINGH
EDP MANAGER, NIPFP

“The only time in the last six years the ZyXEL product stopped working was when it was unplugged due to power outage at the farm,” “Given the dust, occasional high temperatures, and proximity to the sea of these fields, this unit has proven virtually indestructible! ZyXEL products offer high reliability and low cost of ownership. I recommend them to all my clients.”

FEATURED TESTIMONIALS

“ WiFILAN is a vital part of our operation. We use WiFILAN for support and for monitoring information. We have about 200 locations that we use to monitor our Wi-Fi systems. It enables us to give various reports to our customers as far as daily login reports, monthly reports, yearly reports and various other reports. I personally have been using WiFILAN for about seven years. It makes us look very good as a business and very well... ”

TYE WILSON
ZOOM INFO SYSTEMS, INC

“ When you are looking for a wifi solution and want hassle free products and services, then [Indio Networks] is the answer. They are smart, professional, very responsive to their clients and easy to work with. Our company is working with [Indio Networks] products and till date there has been no complaint for any reason. In the support of [the] [Indio Networks] team, they are always available, remotely or on premises, whenever we need... ”

MANJIT SINGH
IT MANAGER CORPORATE, SAYAJI GROUP

“ One of our relatives was admitted to Apollo. We were connected to the patient throughout their time inside. The Guest access WiFi was fast and easy to log into. ”

APOLLO HOSPITALS

“ Thanks very much. I really like the UniBox so far. You guys have done an excellent job with the design. ”
