SUMMER 2026
Customer Success Report

Field Service Management Software Category

Field service management (FSM) software offers a single platform from which you can manage your business tasks such as scheduling, dispatching, invoicing, reporting, customer account management, and more. This solution is ideal for service companies such as pool and spa, HVAC, plumbing, and others. It enables you to run your business efficiently, make your staff more productive, and keep your customers happy.

FSM software removes confusion and uncertainty in business operations. You can bid goodbye to old-fashioned methods such as using whiteboards and Excel spreadsheets to manage your multiple employees. The platform makes scheduling and monitoring intuitive and easy, and your firm more agile. With FSM mobile apps, your staff can receive jobs in the field and will not have to come back to the office for new tasks.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

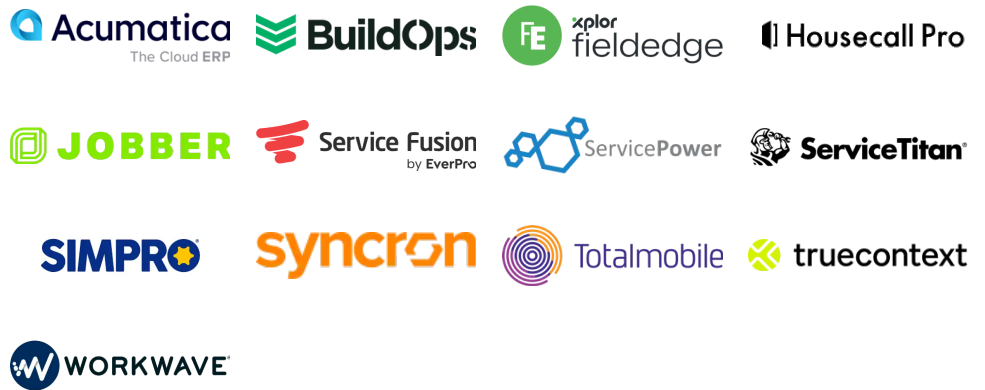

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

ABOUT MHELPDESK

mHelpDesk

mHelpDesk is a fast, easy and reliable way to get complete visibility over your service tickets, technicians, scheduling, and billing. It works on your desktop, laptop, smart phone, or tablet - it's as easy as pie. mHelpDesk provides a proven system that tracks every service and work order from start to finish. It organizes tasks, client notes, service details, and billing information neatly into one unified system. It's all designed to support you in delivering the best possible service to your clients.

FEATURED TESTIMONIALS

“mhelpdesk's software and training is absolutely brilliant! It revolutionized our business entirely. We went from an unorganized desk full of stacks of paper to an incredibly structured online system from which you can estimate work, email work orders to field crews, monitor their progress in real time, monitor their quality of work, email invoices, receive payments etc!! mHelpDesk's software has singlehandedly...”

FOUNDER
LANDSCAPING FIRM

“Lastly, mHelpDesk has significantly helped us reduce our carbon footprint. We hear of companies to this day printing work orders, then scanning and emailing them to field crews and subcontractors who then have to print them off, fill them out by hand and scan and email them back to the office, who then again record the data on paper for invoicing.”

NICOLAI D.
FOUNDER & DIRECTOR, DROST LAWN CARE

“After implementing mHelpDesk, we had an instant customer database. We had instant dispatching, we had instant calendar view of all upcoming jobs, we had access to customer job history, we had customers that were simply impressed by how we were running our business.”

SCOTT BRENNAN
ALTERNATIVE AIRE INC.

“mHelpDesk was definitely the right fit. Being able to run things offline is huge for technician-based and service companies. When our techs go to the customer's house, they need to access information even if they don't have service on their phone.”

OLIVIA STEAD
BUSINESS MANAGER AND PARTNER, ROB'S WINDOW AND GLASS REPAIR

FEATURED TESTIMONIALS

“Dispatch reduces the workload on our team by eliminating the need to manually produce monthly reports. Instead, it provides a real-time tool for contractors to monitor and manage their own performance. I can now have targeted conversations with them, pointing out that they have direct access to these metrics and will be held accountable for meeting specific targets.”

DANIEL GARNER
REGIONAL OPERATIONS MANAGER, HOMESERVE

“Dispatch has empowered us to elevate our customer service by offering features that our previous system lacked. Customers can track their technician's progress in real-time. This level of transparency and automated updates has greatly contributed to boosting our customers' satisfaction and trust in our services.”

JADE SELLE
GENERAL MANAGER, HOMESERVE

“Dispatch has completely eliminated customer calls for me inquiring about technician locations and ETAs. Now with the app's real-time updates, customers have the information they need at their fingertips.”

ANGIE CODY
CLAYTON HOME BUILDING GROUP

“With Dispatch, we receive customer feedback within days of completing the job, compared to the six-month delay with our previous survey.”

“Working with Exel and iomart has significantly eased the burden on our internal team. The transition was smooth, and the new cloud-based system has provided us with the security and reliability we needed. It has allowed us to focus on our core business while knowing that our ERP system is in good hands. We have seen a marked improvement in efficiency and performance, and we are confident that this partnership will continue to support our growth and technological needs.”

STEVE RICE
IT MANAGER, RADIUS AEROSPACE UK LTD

“We had effectively developed the majority of an ERP system, and built it in Excel spreadsheets and SQL. It was highly complicated, labour-intensive and required a lot of cross-checking to make sure that data was accurate. Now, it's all taking place in a single system – a system that is more powerful, has more capabilities and which delivers far more information and reports: the ROI is significant.”

CHRIS PEACE
SENIOR PROJECT MANAGER, DIAM GROUP

“We couldn't manage without a system like EFACS E/8 – you couldn't do it. We've so much more to get out of EFACS E/8, not just within our own company but in terms of integrating with our customers and suppliers and their systems, extending its use and benefits, both up and down the supply chain.”

ALISON HOLLAND
IT MANAGER, GORDON ELLIS & CO

“We are looking to be clever with the Customisation Toolkit on some key processes in order to improve them further. EFACS E/8 is very customisable and I think that is one of its biggest strengths for Dale Power.”
