

Fleet Management Software Category

SUMMER 2026
Customer Success Report

Fleet Management Software Category

Fleet management software is a solution that enables enterprises to coordinate, manage, and organize work vehicles using a central information platform. With this program, businesses can smoothly run their fleet operations. Efficient fleet management helps to minimize costs, improve performance, and ensure compliance with industry and government regulations.

Fleet management programs can track vehicle operations for maintenance and mechanical issues to enhance the company's overall productivity. Other functionalities of the software include driver license management, insurance, and vehicle acquisition and disposal.

Customer Success Report

Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“We have enough data now to say that SmartDrive has made a considerable contribution to enabling us to reduce collisions, save fuel and proactively work towards minimizing our associated direct and indirect costs. It has become an integral part of our day-to-day operations and is a necessary component of our fleet management strategy, helping to ensure that our drivers are operating safely and efficiently on the road and that we are doing all we can to minimize our total cost of risk.”

STEVE WHITE
HEAD OF FLEET, REYNOLDS

“At J.S. Helwig & Son, we recognize that our drivers are vital to our success, and their efforts contribute immeasurably to the continued growth of our company. The addition of the SmartDrive system to our robust suite of safety technology is one more way we demonstrate our commitment to the safety of our employees and our dedication to exonerating them when they're not at fault in a collision.”

JAMES HELWIG
OWNER AND CEO, J.S. HELWIG & SON

“Within the first week of having the SmartDrive program, we had a sideswipe event where the driver tried to blame our drivers and we were able to show with the system that our driver was in his lane, didn't do anything wrong and completely exonerated the driver. After that, the rest of my drivers wanted it on board.”

DAN BAILLARGEON
CONICO OIL

“In the six month period after we implemented SmartDrive, driver turnover has gone down.”

ABOUT EROAD

EROAD

EROAD develops technology solutions (products and services) that manage vehicle fleets, support regulatory compliance, improve driver safety and reduce the costs associated with driving. EROAD believes that every community deserves safer roads and the people who use the roads should influence the design, management and funding of transport networks.

FEATURED TESTIMONIALS

“EROAD’s accurate system tracks our trucks and allows us to efficiently file our monthly and quarterly taxes. My favorite feature would be the fuel transaction management. I live and die in there. When guys miss putting in their gallons, the EROAD system easily helps me catch that. The customer service has been really good too. Our account manager Heather always gets back to us quickly. She is great about being sure to update me when...”

MIKE DAVIDSON
ACCOUNTING MANAGER, FRERES LUMBER CO.

“We demoed three different GPS tracking systems and EROAD’s was the most spot on we’d ever seen. We’ve installed it in all of our 76 trucks. Accurate tracking allows us to satisfy our customers’ expectations. We can now be sure that we’ll be there when we say we will be, rather than just guessing. We never used to service trailers unless something was broken because scheduling was too hard. Using EROAD’s Service module means...”

JON LUCICH
VICE PRESIDENT, VENEER CHIP TRANSPORT, INC.

“While looking at EROAD, we were impressed with the quality of customer support and the technical features of solutions. Issues can arise very quickly in the oil and gas industry, but knowing we are supported by a provider that prioritizes safety just as much as we do, it was a no-brainer.”

MARY DARTEZ
DOT COMPLIANCE MANAGER, OMNI ENVIRONMENTAL SOLUTIONS

“EROAD is saving time for us as it’s a great tool for dispatchers to use to plan hauls based on truck location, and that leads to better customer service as we continue to grow.”

CHRISTOPHER LEON
ASSISTANT GENERAL MANAGER, PRIDE INTERMODAL

ABOUT GREENROAD

GreenRoad is a global leader in digital fleet safety telematics and driver behavior management. They provide the industry's deepest driving data that improves fleet safety and driver behavior through effective real-time coaching, predictive AI and advanced fleet analytics. Their driver focused solution reduces accidents, fuel, emissions, and operational costs and increases EV range. Their solutions can be deployed across any vehicle in any location in minutes and provides a single platform to track fleet, manage safety and identify potential risk in real time. They've been helping fleets since 2004, empowering 100s of companies across 70...

FEATURED TESTIMONIALS

“GreenRoad's self-coaching system – the LED-light feedback displayed for the driver on the dashboard – is a powerful motivator. Everyone wants to drive ‘in the green,’ and no one wants a poor Risk Score. Our drivers take pride when their scores improve, and continuously compare themselves with their colleagues. Within just weeks of deploying GreenRoad's self-coaching, we saw a huge difference, and it has become permanent over time.”

NEWEL SCOON
GENERAL MANAGER & VICE PRESIDENT, COACH USA

“GreenRoad gives us a centralized view into the safety of our entire fleet, pinpointing any unsafe drivers, no matter what type of vehicle they drive or where they're located. It also gives managers valuable insights: by analyzing the driving data, we're continuously improving our safety, moving closer and closer towards our goal of zero driving incidents.”

CHULA SULGAESUAN
REGIONAL CATEGORY MANAGER, SYNGENTA APAC

“GreenRoad is active 24/7, gathering information and data on the drivers' styles, their safety, what the vehicles are doing, and where there are areas the drivers can improve. We are able to look for patterns and to pick up issues such as a driver going too fast into or out of corners.”

TROY O'DEA
OPERATIONS MANAGER, HOWICK & EASTERN

“Driving is among our top risks – and GreenRoad is the best tool we've found to control it. It truly changes driving habits.”

FEATURED TESTIMONIALS

“Netradyne captures the full circumference of any event beautifully. The clarity that the video presents is second to none. I love that clarity. I love the fact that as I'm looking at this video event, I can see the distance, following distance that this driver is from that vehicle in front of. And I like the fact that the system recognizes when a vehicle cuts over in front of my driver and creates the event. So those are the things that I really like that Netradyne offers.”

BRIAN TURNER
DIRECTOR OF SAFETY & COMPLIANCE, LAWRENCE COMPANIES

“I switched to Netradyne 18 months ago, and since then we have experienced a 60% improvement in our loss runs, and our vehicle incidents continue to plummet. I could not be happier with the switch and how it improved the life of our drivers and managers. I used to battle with our drivers about having cameras in the trucks, but that ended when we installed the Driver•i cameras.”

TOM GODFREY
VP OF SAFETY, PARKER GAS

“We've found Netradyne to be the most advanced product in the space. My goal is always to partner with best-in-class technology across everything my clients need: GPS, cameras, monitoring, accounting, maintenance, and equipment. Every component needs to be top-tier.”

MORGAN LESLIE
MANAGING DIRECTOR, ACE PARKING

“Thanks to Netradyne's cameras, our fleet is safer and more efficient. They've improved our driving skills and even helped us identify employee theft. We're in this for life!”
