SUMMER 2026  
Customer Success Report

## Livestreaming Software Category

Livestreaming software is designed to enable individuals, businesses, and organizations to broadcast live video content over the Internet. It has become increasingly popular for a wide range of applications, from entertainment and education to marketing and communication.

# Customer Success Report

## Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

**The overall Customer Success ranking is a weighted average based on 3 parts:**

### CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

### MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

### COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

## Award Levels

### MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

### TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

### RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“Thanks to Dejero CellSat, we can now live stream an entire race schedule that has never before been possible. Up to this point, we were limited by technology, only streaming a maximum of 50 events a year, a number we had been slowly growing since we started streaming content in 2004. We’ve nearly doubled that number, now able to stream each of the 93 races in our schedule reliably—even when cellular networks are congested.”

**BRIAN DUNLAP**  
DIRECTOR OF BROADCAST SERVICES, WORLD RACING GROUP

“With Dejero CellSat on board, unlike a traditional SNG truck setup, there is no need to bring in specialist operators or pre-arrange a satellite slot. When the cellular signal alone isn’t strong enough, CellSat will automatically blend in Ku-band IP satellite connectivity to boost bandwidth so we can get high quality live shots to air while saving time and money.”
