CRAIG BROWN
HOLY TRINITY SCHOOL

“I love it! It has made the teacher's job much easier and more time can be spent on teaching! Keeping track of the disciplinary issues within the school is easy and allows me to keep an eye on all the kids. More importantly, it allows us to prevent bigger issues/situations from arising. In essence, we can help the student earlier.”

PHIL L.
VICE PRESIDENT OF DISCIPLINE, CATHOLIC HIGH SCHOOL

“The customizations you added where I can scroll through student schedules and change sections to negate conflicts is an absolute dream come true. It is so easy to use and I am given so much information as to the effects of any changes I am making. Thank you so much, it is one of the easiest conflict resolutions tools I have used.”

“Now, everything is very automated. Students are just scanning in and it automatically assigns them a tardy and records whether that tardy has the need for a make-up class or another consequence. All of that has just made the process much smoother and more efficient. The student gets notified immediately, and there's no paper to lose.”

ANNE ORTIZ
FINANCE AND RESOURCE DIRECTOR, EDGE HIGH SCHOOL

“Kids would lose their IDs all the time, or say 'I forgot to bring it today.' But they never forget their phones. We were also having a huge issue with the hall passes you put over your neck. They were constantly disappearing and being mismanaged — not just by students, but by teachers too.”

KEVIN SWARTWOOD
PRINCIPAL, GOLDEN VALLEY HIGH SCHOOL

“We used to use 5 Star but that feels like a million years ago. Now that we've switched to Minga the point system for us took off, we had way more participation, including teachers.”

PAUL DOLS
CLIMATE AND CULTURE COORDINATOR, MONROVIA HIGH SCHOOL

“I can promise you that when you get to level with Minga, you're able then to spend less time working with pencil and paper and more time working with humans.”
