SUMMER 2026
Customer Success Report

Tax Compliance Software Category

Tax compliance software gives you accurate federal and local tax computations, and automates tax filing and reporting. Top vendors present different solutions to manage specific types of transactions and their linked taxes. Sales tax compliance programs compute and process relevant taxes to be charged across jurisdictions. Further, Value-Added Tax (VAT) applications monitor regulations and automate computations across intricate scenarios. Advanced tax compliance tools support custom tax management for global sales. Many vendors also deliver managed audit reporting and tax filing for businesses of all sizes.

Some vendors focus on a particular market segment, while others provide products that can be used by companies of all sizes. Integrations are important for tax compliance software. For instance, sales tax compliance solutions can integrate with shopping carts and e-commerce systems. Other integrations include with supply chain, procurement, accounting and budgeting, and corporate ERP platforms.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“LOVAT helps me calculate VAT [for] various countries. Since my business operates in multiple countries, it's not easy to calculate them accurately. But with LOVAT, VAT calculation does not bother me anymore.”

DMYTRO BELKO
BOTSCREW

“We recently started to use LOVAT for VAT calculation, we need it to get ready for Brexit, for now, we collect statistics, and the Lovat team also helped to prepare explanations for our sellers.”

GERHARD TOMAS
CLOUDNINE GREEN

“It used to be very time-consuming to do submit all my VAT returns and do VAT registration in every country where my business has grown; now, thanks to LOVAT, this is in the past.”
